There was something about our school this year that made it really special. it was a feeling that prevailed through the entire student body, but yet so subtle that barely anyone noticed — we got our spirit back!! With changes in people, attitudes, and ideas, we stepped forth and put our best foot forward — it was a year for the Irish to Blarney their way back into everyone's hearts.

New Ideas Outlooks and Attitudes

"Changes" seemed an appropriate theme for this year's book because it was such a generic term that it covered every student on our campus, yet at the same time, it seemed to capture the essence of 1987-1988. It was a year of numerous changes from new advisors to changes in uniforms.

Our first day of school seemed like it was going to be just another year, but by the end of it all, we knew our predictions had been wrong. We'd known it in the back of our mind's since that fateful day when our football team broke their losing streak, since that day when the band beat Magnolia in competition. The days we waited anxiously for our first semester finals results seem long gone, the time just slipped through our fingers. When our football team almost made C.I.F., and our various league standings proved to others what the Irish had known all along — that we were #1! — only then did we

rest. One has to admit that our school hasn't exactly qualified for the most spirited award for the past two years, but this year we did it. We changed our ways of thinking and stopped taking our school spirit for granted. Instead, it seemed as though every time there was a spirit event planned at school, students went out of their way to show off their pride at their school — John F. Kennedy, the home of the fighting Irish. Also, while the Shamrock reported general changes in attitudes and ideas concerned with the world and how it affected JFK as a school and its students, cross campus rivals, yearbook, coped with D. days with their new advisor. As far as clubs were concerned, some died a peaceful death while others emerged in a glowing new light. Meanwhile cheer, yell, and song squads tried to reestablish themselves as super spirited powerhouses at pep assemblies and football.

Catherine Benson shows a change of attitude as she gives Charlie Malone a piggy back ride.

Will hiding under the desk help? Angie Swanson waves as she knows she is one of the fortunate students that were able to duck and cover and fit beneath a strong, durable table, other than a tiny, risky desk.

Showing off some very important words, the A.S.B. knows how to describe the class of 1988.

Students release the red balloons given out during lunch to enforce red ribbon week. It was one of the several activities students became involved in that could fight drugs and alcohol as a whole.

Mike Talbott receives pie in his face by Amy Himdt and is made a spectacle at the Homecoming assembly.

Spirited as ever, Lisa Astle is dressed up during Spirit Week for sports day.

"Midnight Dimensions" entertains students at lunch with all types of music.

sn't student life terrific? Looks a whole bunch like the word "terror." Well "terror" may be a bit harsh as the right word, but keep in mind that we students, when not evading upperclassmen and earthquakes, are always kept entertained by our loving teachers, who as you know slaved days on end to bring to us our latest homework assignment. As always, the greatest collaboration on their part this year went into the construction of such things as physics projects and English book reports.

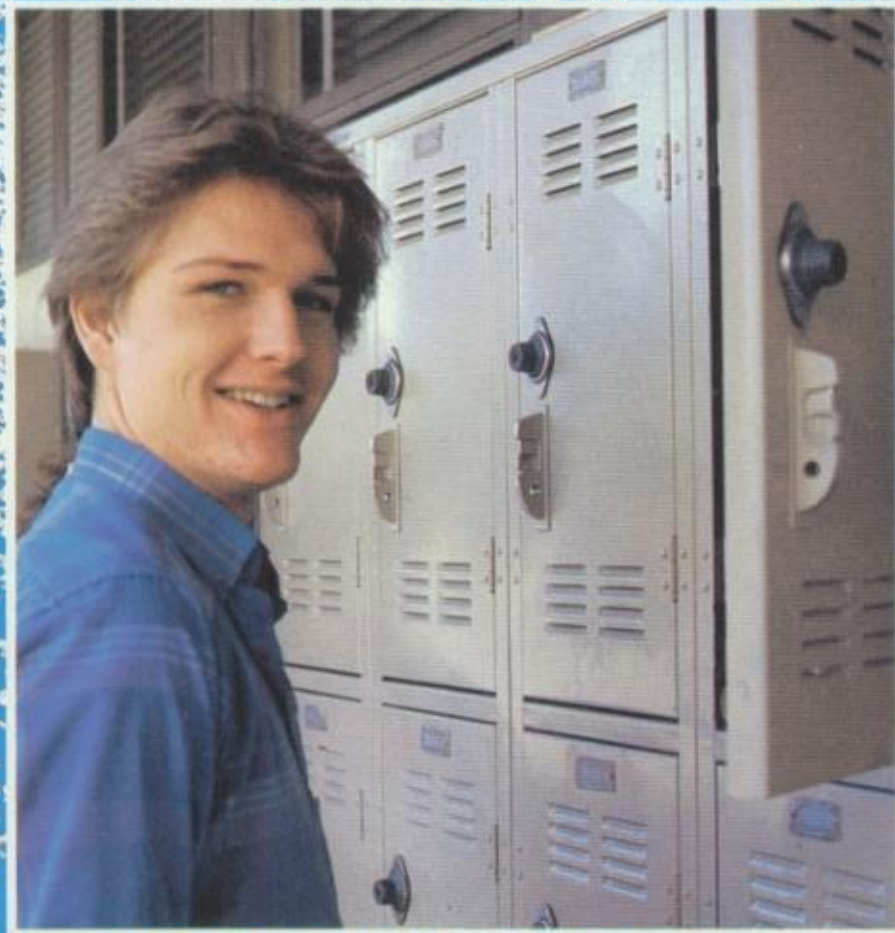

But this is on student life, isn't it? That suggests that maybe student life is actually significantly different from that of, let's say, Grover from Sesame Street. We've all actually advanced from the intricate quantum mechanics involved in tying our shoelaces to the actual memorization of our locker combinations.

Why do some dread this life so? Is it because of the

work? Or perhaps is it because of those campus horrors we know of that only Stephen King could describe? Actually, being a pupil makes you enjoy your free time all the more. Really now, what would life be like going out every night of every day? Yes, okay, it would be great, but that's beside the point.

Just as life has its ups and downs, so does student life. Being a part of Kennedy High, you must of course feel great pride when one of our teams marches victoriously from a game. As always, there were also those rainy days when we walked away from a game knowing we tried our best. In these situations we must feel proud of our graduating class, and when it comes to competition, our school.

Students naturally wanted to hear that Kennedy High School had done well. We wanted to hear that other schools feared our water polo team. We wanted to hear that we once again were going to CIF. Most of all, we sincerely wanted to hear that the Coke machine had been finally fixed and would once again take our dollar bills.

Tim Mills smiles for us after successfully opening his locker.

n the long run,
it's all worth it.

This year was a real blast. A lot of things have happened over the year. Remember those strangers you first encountered at the beginning of the year who turned out to be some of your best friends? What about the football games where the band played, Song and Yell cheered, the mascots danced, and the Color Guard and Drill Team performed?

During the school year, Kennedy students were entertained by some of the best performers around. The Dance Team performed at assemblies while the choir held many concerts. We don't forget those many talented actors and actresses who kept us on our toes with their very dramatic drama.

Kennedy's journalism classes kept us in the news. The Shamrock wrote of many controversial issues which were included in the Shamrock newspaper. What about the yearbook at the end of the year? The Eternal

Flame worked hard, strenuous hours preparing for final D-days. But last we can't forget about the ASB. The ASB has done many things for Kennedy such as getting together Spirit Weeks as well as many other activities and events on campus.

Without these people, Kennedy High would be a real bore. It takes a lot of hard work and dedication to do these things, but in the long run it's worth it.

omecoming's pie-eating contest can bring out the OINK in people.

If you were asked to name the one thing that distinguished schools from each other, what would you have said? Although school spirit probably was not what you had in mind, it does have plenty to do with the way a school is judged by another campus.

And just what is so unique about Kennedy's school spirit? Well, it's IRISH, exactly as in the tradition of the Irish band U2. As U2 has stepped into their own category altogether, so has JFK. Why? What other school do you know of that was even CLOSE to a monotone color of green on Saint Patrick's Day? Who else's cheering section strained themselves in screaming their heads off so much that they nearly passed out — in, under, over, and off of the stands? Do you recall hearing of other schools that, after a game used the stretchers to carry students, not players, off the field? Well neither have we. That's what makes Kennedy "special" as in the words of the Church Lady. Exactly why you'd think there were some so spirited on campus that you could have sworn they'd change nationalities to Irish if given half a chance. Green and gold — that's what it's all about. Green for the cafeteria food and gold for all the bucks they make selling M&M's.

For the 1987-88 school year JFK's Associated Student Body went through many "changes," and accomplished a lot of goals. Led by the A.S.B. President, Mark Piening, this year's council brought together many exciting activities, such as Spirit Week, which "changed" this year by starting on Friday instead of the traditional Monday. Other accomplishments included were Homecoming in October, the Winter Formal and also Irish Week in March. There were also many fun-filled pep assemblies with a variety of talents performed throughout the school year. With Mr. Bob Maib as John F. Kennedy's Activities Director for his second year and Mark as President, they accomplished all of their goals, as Mark said: "With a lot of determination, cooperation and hard work, we (ASB) strove to make this year the most awesome in J.F.K. history!"

“Changes” is the theme of the Eternal Flame Yearbook of '87-88. Entering into a dimension of new editors, advisor, and staff members: Priya Singh and Jewel Ting, who have been in yearbook for the past 3 years in high school; and advisor, Ms. Liston.

As the year started, the three in charge helped many of the staff members on their layouts, captions, and pictures. Photo editor, Tim McCarthy, kept our pictures and negatives in order and took many of the outrageous pictures with his experience in photography. Through the year, Eternal Flame lost much needed sleep to turn in their layouts and captions on time on the deadline dates. With many of these deadlines and work nights, they have taken much of their own personal time to finish “The Eternal Flame Yearbook of '87-'88.”

What you see here and in the rest of the pages is what the Eternal Flame's tremendous hard work has outputted.

the band and Drill Team Spectacular the band marched their way to a superior, with this picture, you can see why!!

First place winner at Silverado Days, Kim Burtch, posed for her picture. At one of the early morning practices, we caught a glimpse of what the band really looked like.

Wendi Hyer, Richard Davis, and Doug Ridley played their hearts out at homecoming assembly

Changes was a good way to describe the band this past year. They didn't have their traditional drum major leading them. Instead, they had a drum major and an assistant drum major. The Regiment did however keep their tradition of winning many of their competitions.

The band started out this year with many practices. They had changes that involved band camp also; they went two weeks instead of one. That two week camp was to learn the very hard drill pattern they needed to learn, and also to learn the hard music. The drill included many patterns, two of them being a heart and a shamrock.

The band, this year, was so school spirited that they went to football games even when it was raining.

At first there was a competition at Mt. Carmel, and the band received a 1st place trophy in their division.

The band deserves a lot of credit. When we were all in bed sleeping, they were up and on the field practicing. I'm sure you can remember coming to school at 8:00 and seeing the band out on the field practicing.

Other awards won last year include our drum major getting 1st place at Silverado Days, and the band receiving 2nd place. At West Arcadia, the band received a place trophy in AA division.

The band this past year would like to thank Mr. Kanstul for believing in them.

"HYPE!!!" yelled Ann before the Color Guard left for a football game.

"We love you!" said the Color Guard as Craig and Dale opened up their presents with their Color Guard shirts in it.

Oh say can you see . . . as the Color Guard saluted our flag at the first home football game.

...cared stiff the Color Guard stood in their opening set waiting for Mr. Kanstul to start them at the Magnolia Field Evaluation. Eventually the Regiment earned a superior rating.

Marching in the Silverado Days Parade the Color Guard carried the Kennedy banner high with beautiful smiles.

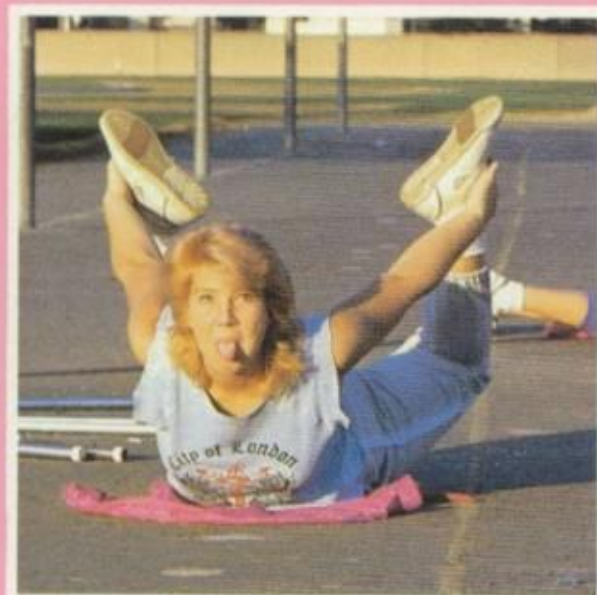

Practicing before Magnolia, Priya Singh, Suzie Velasquez, Kim Maze, and Tracie McKinney concentrated on their routine.

Members of Color Guard include: T. Bryant, S. Sams, D. Brutz, D. Stockwell, R. Lenerville, C. Ma, M. Grossman, T. Walshe, A. Vizcarrondo, K. Maze, T. Fuqua, A. Gay, M. Griffiths, R. Gardner, T. Rachel and Kim tried their hardest at sashays while Dale yelled on — "Toes! Toes! Toes!"

"What is that?!" laughs flag sargeant Lyndie, as she watched the Color Guard do spit leaps.

T

he Color Guard this past year, was not the same as previous Color Guards. This year they didn't have a rifle line. Instead, they had a prop line. The prop line wasn't that different from the flag line, though. The only difference was that they picked up their equipment before the flag line. The prop line consisted of eight girls, including the Color Guard captain. The flag line consisted of twenty girls, with the flag sargeant in it. In all, the Color Guard this past year consisted of twenty-eight girls.

To prepare themselves for the upcoming year, they had practices during the summer. The practices alternated every other week. One week they would have two days of practice and the next week they would have three days of practice. They also went to a different kind of a band camp. The band camp went two whole weeks instead of just one. Wow, what a change! Two weeks out in the hot sun, from eight to five.

The practices did pay off for them though, when they went to Mt. Carmel they received a 1st place award.

The Color Guard did very well this past year and you should congratulate them on their fine job.

Putting in a lot of effort, by the end of the season this is what their leader, Sharon Feid, looked like after they were done practicing.

Drill team gives it their all to get ready for an assembly. The Drill team never seemed to tire of routines even though they practiced them hour after hour. Of course, it paid off when they performed this particular routine at our second pep assembly.

Disipline led to precision and precision led to perfection as was evident in this picture taken before a pep assembly performance.

Right! Right! Right! That's right!! That was what the Colleen Drill team said to get them hyped up for that day's performances. They were always in good spirit and ready to do their best. Every morning and afternoon they would be out on the football field practicing new steps and routines. They added a lot of fun to our pep assemblies and everyday activities. They started the year off by placing second in the Silverado Days parade. The Colleens marched 1 1/4 miles to Peak Park and when they marched they held their heads up high with pride for our school. The smiles on their faces proved how much fun they were having. Something was a lot different this year they had a new instructor Mrs. Pollizzi. She helped all the girls out in many different ways. She was their friend as well as their teacher. As a lot of Drill team members said, "Every practice was hard and tough but she made them fun for everyone." All the girls in the Kennedy Drill team have already come to be very close to her (Mrs. Pollizzi). She plans to teach many more years here at Kennedy High School. She says, "This is only the beginning of my career here at Kennedy."

It's Only the Beginning For Us.

DRILL TEAM

Ms. Polizzi, the Shamrock advisor, gave advice and helped the students with their deadlines.

Dennis and Lisa worked diligently to meet one of the many deadlines newspaper faced this year.

Janna and Carol worked together to produce some of the many interesting articles that were in this year's newspaper.

The 87-88 Shamrock staff.

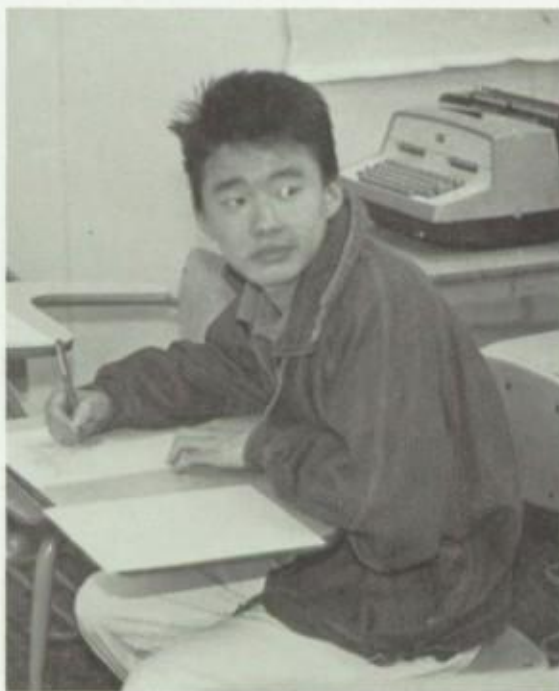

"Are those two dedicated or what? — staying after school to meet deadlines was a part of newspaper life."

The Shamrock staff would like to apologize and technical errors they've made in the seven issues of the 1987-1988 school year. They had countless gutters, pictures and headlines on folds, and seldom did the border tape make a perfect square, but all the while, they've enjoyed themselves and they've learned much about journalism. The Shamrock made a profound and definite commitment to journalistic excellence and to their moral responsibility toward the students and faculty of Kennedy High School.

By the way, Newspaper is a really fun class and they desperately need students for their staff. If anybody needs a sixth period class, Newspaper always welcomes new students. Newspaper is like a big family. The members have many responsibilities, much like the chores you all have at home. But the benefits and rewards outweigh the responsibilities manifold you get a gratifying feeling from creating and interpreting your thoughts and the thoughts of others, from seeing your name on the by-line. It's a special feeling, not unlike pride. But this feeling can be boasted of freely and humbly. This feeling lasts and stays with you forever. The written word is a powerful remnant of the human condition, and every member of the Shamrock staff will always remember and cherish having written for John F. Kennedy High School.

Hey Dan, Get back to work! You're not done.

With all their hot moves and fast-paced steps they were able to entertain Kennedy students at many social events during the year. They started the year off by performing their latest moves to the music of Depeche Mode and other popular groups at the pep assemblies. During the month of October they performed at Buena Parks' "Silverado Days". Later on in the year the girls showed their stuff in the annual spring show which always captures Kennedy students, faculty, parents, and friends.

Headed by advisor Mrs. Smith, this year's performing dance got into the spirit and had a lot of fun doing it.

Sing around the piano with Mr. Hoshi.

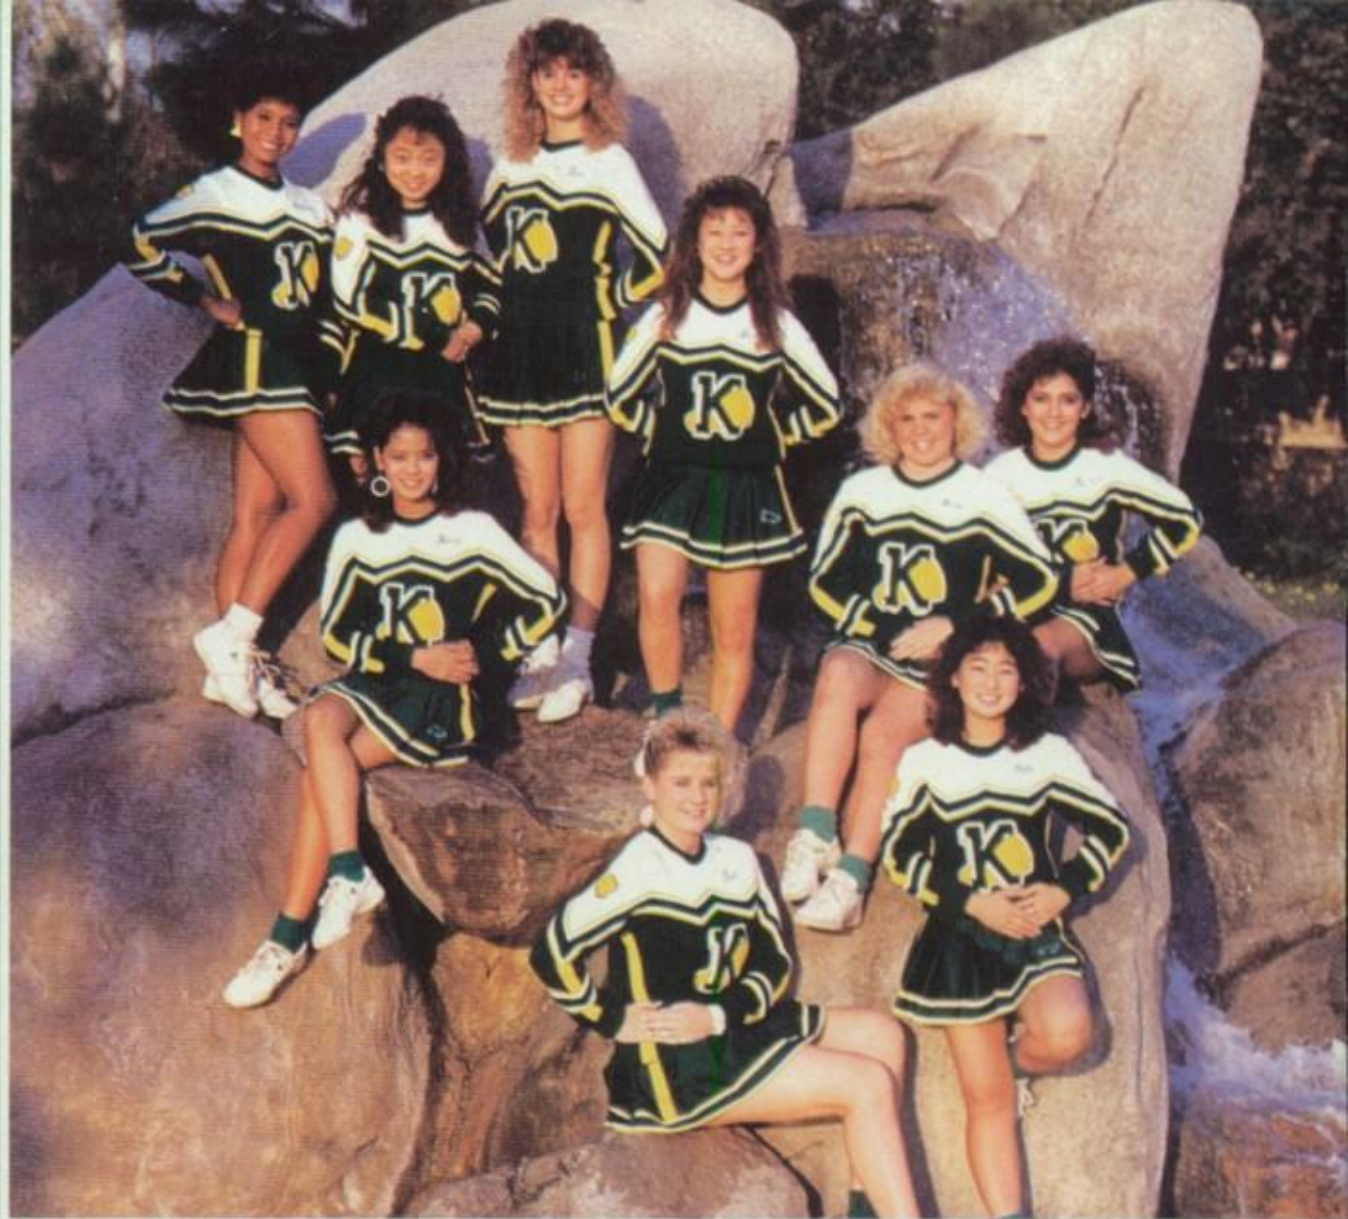

Putting aside what one traditionally thinks of choir, the Kennedy Chorale once again gets off the risers and out of their robes to entertain audiences of all kinds. They sang their hearts out to sell-out crowds to show themes such as: "The Story Goes ON" Broadway show, "Here We Come Acaroling" Holiday show, "Movie Madness" Movie show, "Breakout" Pops concert. Along with a four-day tour to San Francisco during spring break, the opportunities to sing kept growing as they performed at La Palma's annual Christmas Tree Ceremony, La Palma Senior Citizens luncheons, PTSA functions, back to school, open house, graduation and Baccalaureate as well as many civic/community and school functions. Led by Ron Hoshi-Choral director and Heather Hoppus — Choreographer, Kennedy High School was a wealth of singing/dancing talent.

Spirit — That is what the 1987-88 cheer, song, and yell squads represented throughout this year. Full of life and energy, they used their moves to keep the pride of our school alive. Winning many awards at camp, they showed that they could achieve their goals. Promoting school spirit was an important duty for them. "Cheer is a great experience, but it's hard work and you have to have devotion," said Nanette Soto, this year's head cheerleader. The head songleader, Kym Burch kept her squad together and made sure her squad was their best. Together the cheer, song, and yell leaders performed at games, pep assemblies, and in other outside activities, such as parades. These guys and gals were enthusiastic in everything they did and kept the spirit of our school going year round.

This year started out great! The sophomore cheer went to UC Santa Barbara cheer camp having no idea what was going to happen in the next few days! They were so surprised to come home with a superior award. Then football started and their work really became challenging. The JV and sophomore cheer squads led the spectators in cheers and spirit. The squads have grown real close and have built friendships that will endure throughout the years.

During a prejudice scene.

Dedication, hard work, patience, and ability to have fun are all characteristics of the members of the Drama Club. It takes a lot of after school rehearsals to put on the quality shows the drama club is use to. Memorizing lines putting together sets, designing the costumes, props, and determining lighting to create the right mood for the scene all need thorough planning out. All of the many weeks spent creating the final product pays off at opening night. Emotions of anticipation fill the stage, hearts race as the time grows near. When the last scene is completed the roar of applause begins and successfully rewards all who worked so hard.

The Blarney Stone Theatre, the home away from home for many drama members, is where all the performing takes place. Mr. Till, their director and friend is always supportive and helpful. Through Twelve Angry People to Fiddler on the Roof a lot of talent has made it's debut here.

Our friendships are gonna last forever.
Oh my gosh! It's pouring on me!

Say cheese everybody! Smile for us!

Alright cheerleaders let's see some stunts!

"K" is for Kennedy and we've got our spirits.

Come on Carolyn B. let's see some of your techniques.

This year we sure had a good start. We've got a lot of spirits, oh yes we certainly do. Everybody got involved and participated in the school spirit activities. During Halloween, there was a lot of dressing up and many different faces around campus. It was such a thrilling moment just to see everybody wearing different costumes such as vampires, pirates, dracula, babies, and etc . . . You look around and you see the smiles on everyone's faces lighting up. It's full of spirited and the jolly good times that you just can't seem to forget. The faculty and administration was also involved with the spirits by dressing up and helped participated in the activities. They have made our spirit even worthwhile. It's always good to have full spirits and get involved with activities, that's the spirit Irish. Because, everybody seems to have the spirits this year. Everything turned out to be a wonderful year. It's nice that we all get along like a big happy family.

The Irish Got it All

SCHOOL SPIRIT

It's comforting to know that friends stick around even after graduation. (Brandi Spracklin, Tito Sanchez, Kelly Burney).

Sean Fenner and David Bonaventura agree that friends should "Hang Loose" at Kennedy Choir shows. Senior Homecoming Princess Becky Alber was congratulated by many friends Eddie Sater was first in line.

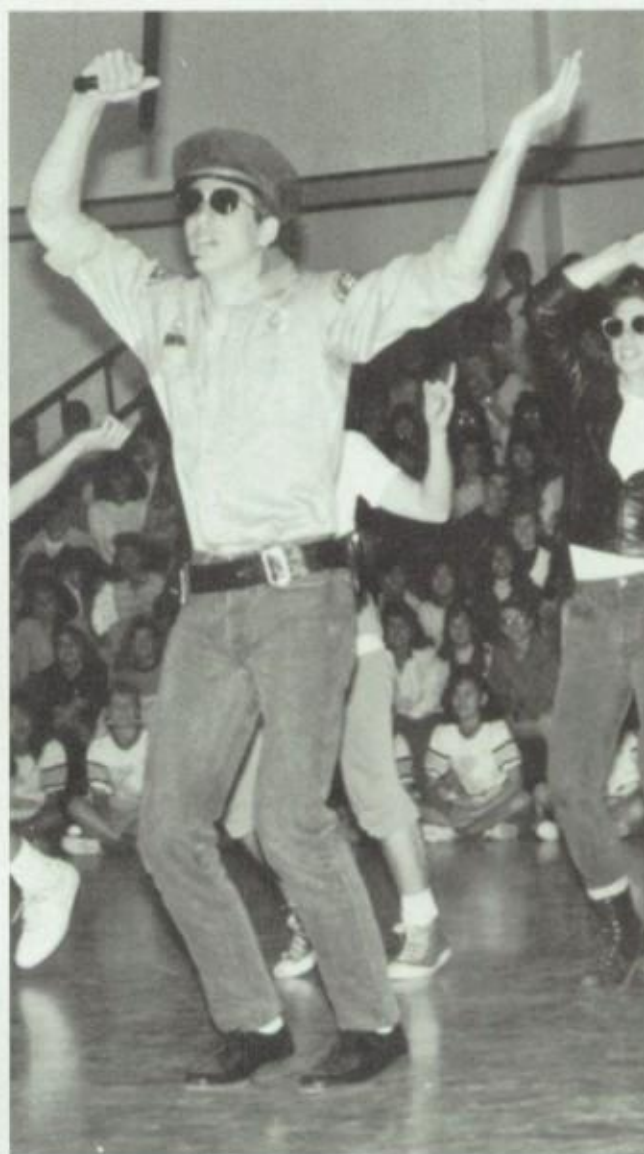

cahontus (Erin) is known to be good friends with Mark. Greg Hansell and friends become comfortable dancing in front of the whole school.

display of an accident shows why we shouldn't let friends drive drunk.

By the looks of Danny Searle, maybe we shouldn't let some of our friends drive sober.

What was your argument about?"
 "He is trying to deny that he went out with that new girl."

"Everyone knows. What are you going to do about it?"

"I don't know, I'm just so upset."

"Don't worry, there are plenty of fish in the sea."

This is a prime example of a typical high-school conversation between two girls.

Through thick and thin, good times and bad, a close friend is something everyone wants. To help ease the pain and stand by you in your time of need.

One of those "CHANGES" through high school is the friends you make. Through space and time friends come and go, but you learn more about yourself by the friends you keep.

The person you walked to school with as a Freshman, the couple you doubled with to the prom as Seniors, you'll find in time that your true friends stand by you.

A "Best Friend" is someone who ...
 "Stands by your side at all times." — Lisa Jordan.

"You can talk to about anything." — Sean Fenner.

"Will lend a shoulder." — Lorentz Prum.

"Won't dog you behind your back." — Joe Stammen.

We All Need Someone to Lean on.

After three years, the class of 88 have finally become seniors. Being a senior is great. We have many privileges and get many special things such as senior rings and special fun days. But being a senior isn't all fun and games. It is also a lot of hard work. Seniors have to make sure they've taken the right classes and have gotten all of their credits to graduate. They also have to struggle to get good grades and jam for senior tests such as CAP or SAT. What about all the information they must collect and all the applications they have to fill out for colleges they wish to attend in the future? With their slogan "We do not imitate, but are a model to others," the senior class

mean just that. They don't want to copy anyone, instead they want to do their own thing and be a model to others. Good luck class of 88!!

Krista, Deana, Michelle, Stephanie, and Sharlet having a wet and wild time

"This skate fits," says Chereyl Hand.

"Having a splash of a time"

What's so big about being a Senior? For one thing it's the year everyone looks forward to. The last year of high school. The one where the good times roll and the sad times fall in. After many years of hard work, frustration, and patience, the senior class of 1988 has finally made it to the top.

At the beginning of the year we asked some seniors how they felt about being a senior. Lisa Jordan said "Waiting three years to be a senior is worth waiting for." "It's great to be a senior," says Wendy Slipper, "since we've reached the top we have more special privileges."

Some of the special privileges Kennedy seniors go to enjoy this year were ... close senior parking, t-shirts picnics, skate night, prom senior circle, special section at assemblies, and of course, ruling over the underclassmen. Most of these privileges have become tradition over the years. One of the oldest traditions of the school is the senior circle. The senior circle has been here since the class of 1973. The senior circle is the one place seniors can go without being bugged by the underclassmen. It's the one thing that underclassmen envy and await. Senior Pam Cole says "I think the senior circle is a great traditon. It brings great school spirit and pride at lunch for all seniors." Inside the senior circle is the Irish Blarney Stone.

Theories have it that if you kiss the Blarney Stone upside down it will bring good luck.

After all the years here at Kennedy these traditions are the things we won't forget.

Mark Pienning and Steve Harms having a good time.

SENIOR PRIVILEGES

Miss Irish

Four years ago, armed with a canteen full of determination, a friendship rope, and a backpack filled with optimistic thoughts, I embarked upon my quest for the treasure chest of life. Along the way, some of the obstacles that I confronted were "all-nighter" term papers, squabbles with friends, and the search for the ideal prom date. Utilizing my equipment, I was able to overcome these turbulent times: From the various experiences encountered on the trip. I obtained the essential elements needed to mold the key to the chest. Education formed the base of the key, support and encouragement from family and friends created the distinct ridges, and maturity was the finishing gold coating. Holding this precious cargo, I will now continue my search for the riches of life. This journey through my high school years at John F. Kennedy has given me memories that I will forever cherish.

Susan Yamanishi

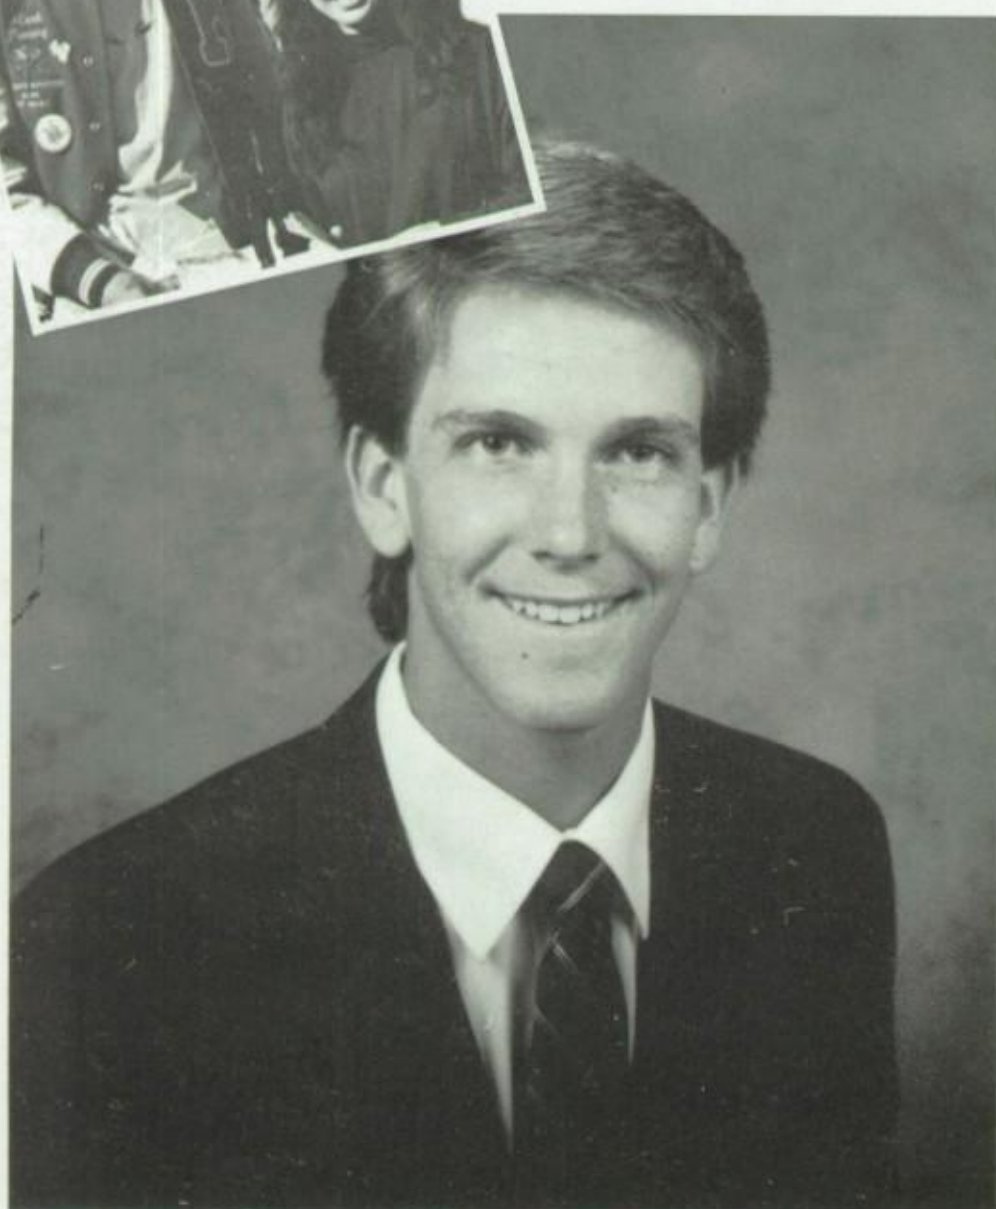

Mr. Irish

Reflecting on my past four years here at Kennedy, I am beginning to see what a tremendously positive effect this school has had on my personal development. Not only have I received an exceptional education academically, but my education through experience has played a significant role in my maturity.

During my first year at Kennedy I was rather focused on academics, partaking only in soccer and CSF outside of the classroom. As a sophomore I began to feel more comfortable with our school, playing varsity soccer and badminton and joining more campus organizations like Diati club. My junior year I was elected class treasurer, CSF secretary, and Diati treasurer and went to CIF with our soccer team. Another activity I embarked on was centered in the fine arts: dramatic and choral productions! As a senior I have had numerous distinctions such as September Student of the Month, yet the greatest honor and responsibility has been the office of ASB president.

As this year has progressed I have steadily become more and more attached to our school. It will be incredibly difficult to separate from a place that has given so much. Many thanks go to all of the people who have helped make this, my final year special to me. I am grateful for the opportunity that I have been given at Kennedy, and hope to see everyone strive for their potential throughout life.

Mark Piening

I had never thought the day would come that I would be graduating. The years seemed to pass by so quickly. I remember only yesterday being a freshman and how scared I was. It was a whole new experience. My sophomore year I decided to go out for the cheer squad. This got me more involved with the school and to promote school spirit. I enjoy cheering so much I decided to go out for it in my junior and senior year. I really enjoyed being Varsity Head Cheerleader. I was also involved with student council. These positions have taught me to become a responsible person. I have met so many people and made great friends that this will last a lifetime of memories. Kennedy High School will be in my thoughts always.

Nanette Soto

Realizing my four years at John F. Kennedy are now over is a frightening thought. It's graduation and our real lives are just beginning. These years have brought new friendships, new experiences, and many cherishable memories which will last forever.

Learning and participating at JFK, has enabled me to become a better person. I have maintained a 3.8 GPA in the honors curriculum. My interest in politics helped involve me in student council. It has been an honor to serve as Sophomore Class Treasurer, Junior Class President, and ASB Vice President. Obtaining these academic and leadership qualities have prepared me for a successful future. Thank you all my friends, family, and faculty members who supported me.

Kristie Sondergard

The thing I'll probably remember most for at Kennedy is my swimming. I can't even begin to count the number of people who have asked me, "Are you going to the Olympics?"

Four years ago, I would never have imagined what a definite possibility it has become and how close I have come to realizing that dream. However, even if I don't qualify to represent the United States of America at the Olympic Games this summer in Seol Korea, I feel swimming has been a truly rewarding experience. Despite getting up at a chilly 4:30 a.m. to go practice, I really enjoy the sport. Swimming has allowed me the proud distinction of representing the U.S. while traveling around the world.

To those of you who have shown an interest in my swimming, thank you for your support.

Julie Martin

Looking back on my years here at John F. Kennedy High School, I come to the conclusion that I have experienced some of the most important, special, and valuable times of my life. Academics have been an important factor in my life. Being on student council for three years has enabled me to form special and lasting friendships. Along with student council, my club and community participation have allowed me to become compatible, compassionate, and really be a friend. I have also gained valuable leadership qualities that I have carried all through high school. Being able to utilize these qualities at the Cal. Girls' State, I represented Kennedy with the utmost honor. These qualities and skills will help my future to be successful. Thank you for making them available.

Lora K. Saar

My four years here at Kennedy have been full of unforgettable moments, good times and most important of all, meeting so many wonderful people. It has truly been a terrific growing experience for me. I have maintained an overall GPA of 3.35. I have served as Jr. Class Secretary and Sr. Class president. I was a captain of the varsity soccer team as a junior and senior, which helped me to attain a position on the District and State soccer team for the past three years. The years here have exposed me to leadership which will be invaluable to me in life. I want to thank the faculty, my friends and family for all the support they have given me.

Mike Laliberte

The first day I came to John F. Kennedy, I wanted to become a part of this school. I did this by getting involved in activities. One of those activities was athletics; which has given me some very pleasant, fun, interesting, and sometimes embarrassing moments. I took part in student council as Freshman class president, and sophomore class representative. I was Cal. Association of Student Council Rep. as a junior. With those offices came a lot of responsibility that helped me grow up and taught me many things. Academics has also been an important to me, I currently hold a modest GPA of 3.41. I would like to thank my teachers and friends which made school enjoyable.

Jason Smith

Ever since I first started going to Kennedy four years ago, I have been greeted with many warm experiences, great memories, and most of all, great and lasting friendships. My friends have had a great influence upon the choices I have chosen. Throughout my years at Kennedy, I have taken many honors and AP classes. I have been involved in many activities from yell to computer club. Yell will always and forever be my greatest experience here at school. Through yell I have learned a little about the people around me and more about myself. In closing, I would just like to thank my friends and family for all of their support.

Picture this: It's Wednesday, September 9, and the students here at Kennedy arrive on campus for another school year. While trying desperately to forget about the fun summer and get back into the swing of things, students gear up for the year ahead. Besides having to face the fact of waking up early, sitting in hot, unairconditioned rooms, getting homework, and for some, going to work afterwards, Kennedy tries to soothe the pain by planning exciting events and activities students can participate and have fun in.

Some of the events which kicked off the school year was the traditional

Spirit Week, football games, Homecoming, and red ribbon week. Spirit Week which happens about the third week of school is a week where true Irish show their Spirit. On various days students had the chance of wearing the outfit of the day and also participated in activities such as hula-hoop and licorice eating competitions. For some of the students, Thursday and Friday nights have become popular among the variety football fans. One event which always gets the attention of the Irish is Homecoming held at Handel Stadium. The traditional football game brought many spectators, including past and present students from Kennedy. Afterwards students

were invited to the Homecoming dance which was held at the Buena Park Hotel. This was a change in having it at a hotel instead of the gym. Another event was red ribbon week, a week set aside to recover drug awareness and remind us of how dangerous drugs can be.

With these events starting the year off, Kennedy's school year was sure to be a blast that no one would forget.

A lot of cheer members participated on sports day during Spirit Week. In general, they thought that it was all a big success!!

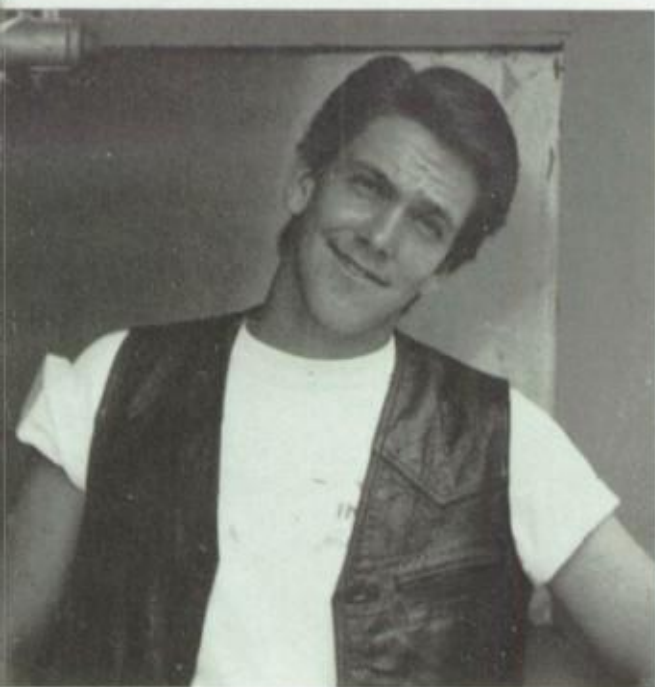

10.34 seconds was the official time for this performance at the obstacle course.

"Let me have a go at it!" said Carolyn Bro

king time out of his busy schedule, Mark Piening poses for a quickie on 50's Dress-up Day.

The football gang tried their best, unfortunately it just wasn't enough.

Jennifer Li thought it would be a piece of cake for her, sure!! Steve Harms rushed to finish at the big wheel race.

S

pirit week which took place in September on the 18th-24th has been a tradition here at John F. Kennedy for 24 years since its opening in

1963.

This week was about dressing up according to each designated day. Friday was transformed into the 1950's where students came to school in poodle skirts, bobby socks, pony tails and jeans. On twins day friends wore the same outfits. Hawaiian beach-bum day students came to school dressed in flowered shirts and hula skirts. Green and Gold day spirited students came all dressed up in JFK colors. Lastly, there was sports day where students dressed up in their favorite sports uniforms. At lunch time there were activities such as an obstacle relay race, a big wheel race, a backward balloon toss, and a mattress race which participants said was fun but embarrassing.

This years' spirit week was the best yet because it left a lot of great memories behind while also encouraging spirit.

Nicole come on don't be shy!!!

Gosh don't we look gorgeous tonight?

Are we having fun or what girls???

Memories in the Moonlight

1987 HOMECOMING

Just as the mysterious moon slipped behind the cover of silver clouds, so did the sound of the crowd cheering for our homecoming court rise to to a peak of excitement. The 1987 Homecoming was held at the Buena Park Hotel on October 10th. It was a night when everybody was dancing their night through. With laughs, joy, and excitement the room was filled with happiness. Everybody was dancing, socializing, taking pictures, etc. . . . Our Homecoming queen for 1987 was Michelle Percero. When we asked how she felt being 1987 Homecoming queen she quoted, "I'm so happy I can't believe it!" The queen's court consisted of five princesses: Nanette Soto and Becky Albert as Senior Princess, Rissa Reyes as Junior Princess, Lori O'Keefe as Sophomore Princess and Nicole Moreno as Freshman Princess.

This was a beautiful night for all of the lovely girls. There are a lot of memories and joys to look back and this is what Memories in the Moonlight is all about. Never forget that special moment.

The Christmas Show is coming to town.

The multi-talented Drama group — they sing, dance, and even act!

The multi-talented drama and choir groups produced many successful shows throughout the year. With all the rehearsals and practices, their time paid off. They intrigued and inspired the audience with the many shows — Here We Come A Caroling, The Sory Goes On, Let's Go To The Movies, Twelve Angry People (Men and Women) and Fiddler On The Roof. Capturing the audience was an easy task, for they all had that special Irish Spirit. Their motivation and skill made them our own box-office hits. Everybody will certainly be looking forward to what they have in store for us next year.

Goblins, ghosts, and superstitions. These are some things that represent Halloween. But here at Kennedy it's costumes and candy. One day a year students dress up in their favorite costume and come to school. Contests, such as best costume, and games make the day even better. Bill Piekola even shaved his head for the role of Hare Krishna, which won for best costume. Prizes were given and everyone joined in on the fun. Teachers even dressed for the occasion. We all enjoyed looking at all the unique and original costumes that made the day seem entertaining.

The night of February 6th 1988 is a night many students will remember happily. The theme, "All That Glitters," submitted by Judy Centino, was excellent for the occasion. The night sparkled with cheerful smiles throughout the evening. It was a night of dining, limousines and of elegant dress. The most preferred senior was also chosen and Sean Fenner was the lucky man. The music played all night and the dance floor was always packed. The fun was never ending and many were sad to go, but the memories will linger forever.

O

ur spirit week this year was enormous. It was from March 15 to 21 held during lunch. Everyday during that week, the A.S.B. organized events, such as hats, ties, & but-toms day, relay races, tug-a-war etc . . . The Tug-a-war was really hectic. Each team tried to outgo their opponent. A lot of laughs and irrisistible temptations arose, especially when the losers had to get into the mud. Each day everybody came to school dressing up. Many different colors and costumes were seen on the Kennedy campus. It was really exciting, because seeing everyone dressed up made us and our school spirited. Also we had carnations. You could buy one for your secret admirer, friends, or someone you love. Our spirit went on and on for a week, 'till it spilled over into the next. This year spirit week was something to look back to and be proud of. When it comes to spirit . . . Kennedy is the place to be. The spirit never fades away. It'll always be here.

Sandy Slade showed her skill as she spun eight balls at one time during the first winter pep assembly.

Dancel Yelled the crowd as the Varsity Song showed us what they had at one of the pep assemblies.

Julie Takaki smiled as she jumped up and landed in the splits on Nannete Soto and Rissa Reyes.

Kristine Teramoto helped lead the way in spirit at one of the pep assemblies.

Sean McKinney showed his excellent ability during an assembly, as he held the crowd in awe.

Sophomores — Sophomores! Yelled the sophomore football team.

Go Irish go! Tradition reigns here at Kennedy and the pep assemblies are the ultimate in spirit. Kristine Teramoto kept the flame alive and our pep assemblies were better than before. They ranged from Sandy Slade doing tricks using basketballs to our very own lip sync winners forming their kick line crew. Yah! It was definitely fun. The Dynos did aerobics at mid-court on their bikes while students cheered from the stands for some of their very own Irish! Cheerleaders were an essential part of the assemblies. Performing their competition routines for the crowd, they held the crowd awestruck with amazement.

While mostly students performed, there was at least one teacher out there on the court performing. That teacher was Mr. Olson doing the hoola, and very good at that.

Promoting School spirit is quite a job

PEP ASSEMBLIES

T EAM EFFORT

What would school be like without sports? Kennedy students know that school wouldn't be what it is without the spirit of the 87-88 athletic teams to boast up the fun. Remember those Friday and Saturday football games? What about basketball, soccer, and baseball games? The Speedo Brigade and swim teams sure made a splash! Did someone mention matches? Yes! the Irish athletic teams made a big hit with their badminton, tennis, volleyball, and wrestling teams giving it their all. Although they all do have a lot of fun, don't think it is all fun and games. Some students must attend zero period before school and then go straight to practice after school.

They must practice many hard hours and prepare for games. With so many teams and so many games, we wish we could be there for everyone of them. Showing their true Irish spirit and good sportsmanship, the 87-88 Fighting Irish teams are the one's we will never forget.

Kennedy's fast & upcoming Varsity Football team is on the go!

Top: Rick gets ready to jump into the opponent's arms.
Bottom: Greg & Tom get ready to go play.

"Champions — Together With Pride"

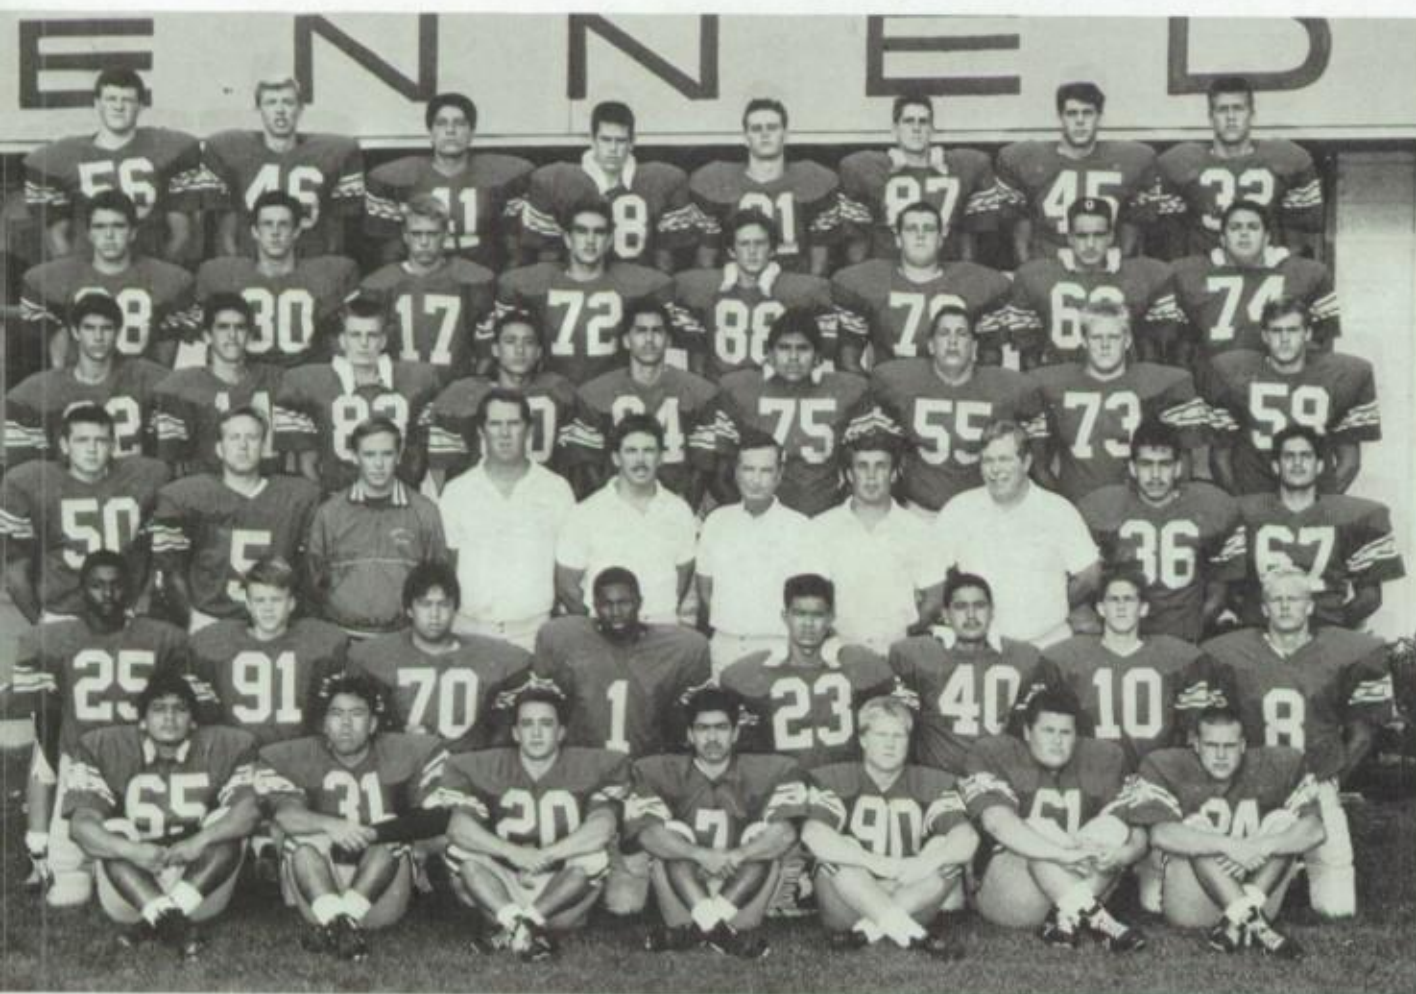

After a 17 game losing streak, J.F.K.'s Fighting Irish came back — and they came back strong! Ray Portillo and Greg Hansell made First Team All-league. Irish pride was the strongest it's ever been. The team played with one heart and one soul. There was a new sense of determination that hadn't been seen in a long time.

After the first game, the family grew together and closer. The team worked together to become one of the most aggressive, tough, and best teams in the Garden Grove League. They placed fourth. Even in the worst situation, the Irish never gave up when they could have. With each new problem, more support seemed to come from nowhere.

Their winning spirit showed through in

all of the games — not giving in no matter what the odds were. The Fighting Irish are winners in every sense of the word.

There were many obstacles to overcome during the 1987 season. The Irish overcame and endured as each one disappeared. There is only one way to describe the 1987 Fighting Irish, "Champions — together with pride."

Rough and Tough

This year's 1987 Junior Varsity team had a great year. They showed their spirit at the Anaheim game on September 24, 1987. This was a great way to start out the season. They practiced long hours after school. It takes a lot of concentration and endurance to play

football.

The team finished the season with 7 wins out of ten games. This year's team showed their Irish pride of not giving up. The team worked many long hours to achieve their high goals. They showed strength and pulled together when some

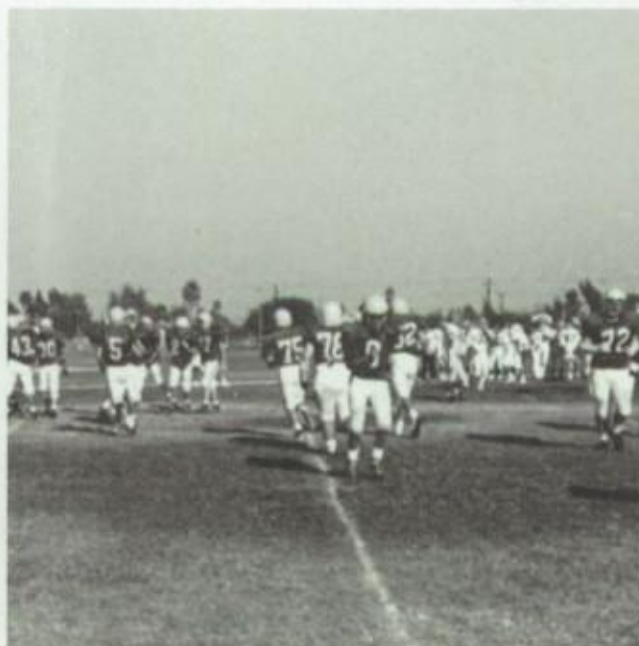

of the players were not playing to their full potential. This spirit and strength held the team together through wins and losses.

Showing their strong Irish spirit of never giving up, the rough and tough Junior Varsity Football team had a very successful year!

Was It Just Beginners Luck?

Our outrageous 1987 Frosh/Soph football team had a great year! This team had a lot of skillful players that hurtled the team into many victories. In following in the more experienc-

ed teams footsteps, the proud Irish freshmen and sophomores practiced long hours after school. Togetherness kept the team on the go and striving for their goals. Throughout the years the team players will remember how they worked

together no matter how rough it got on the field.

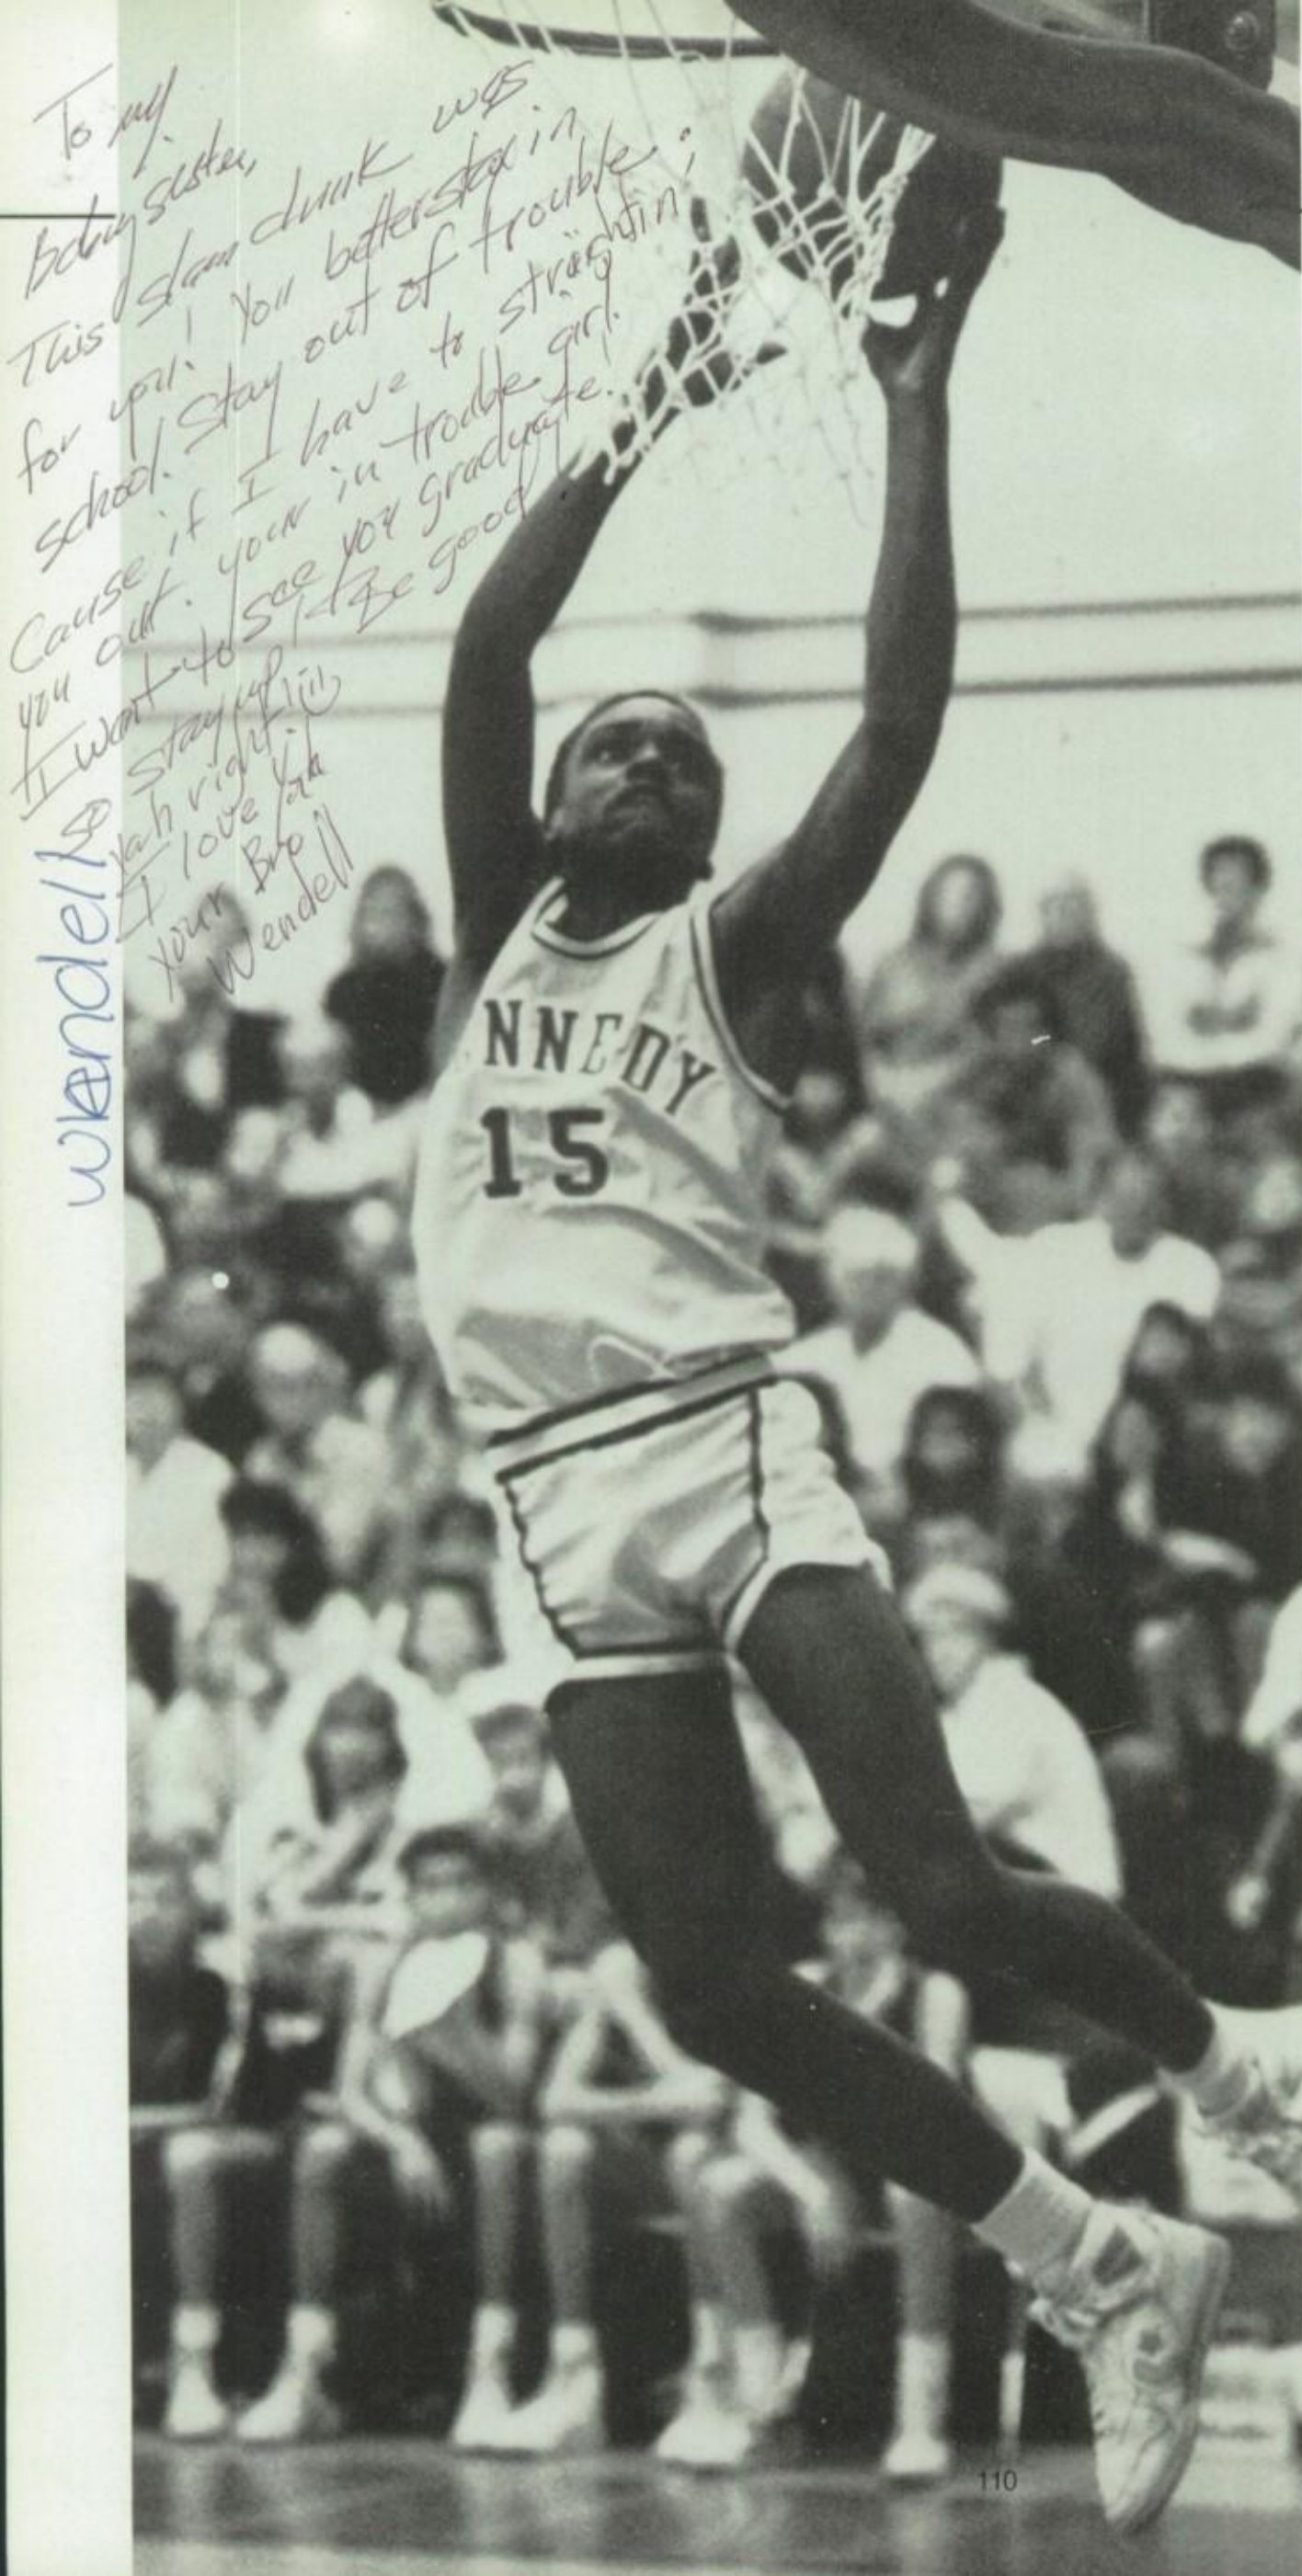

With the help of the coaches; Plunkett, Samples and Kim, the aspiring players have a lot to look forward to in the coming years with the Irish.

Slam-Dunking It All the Way

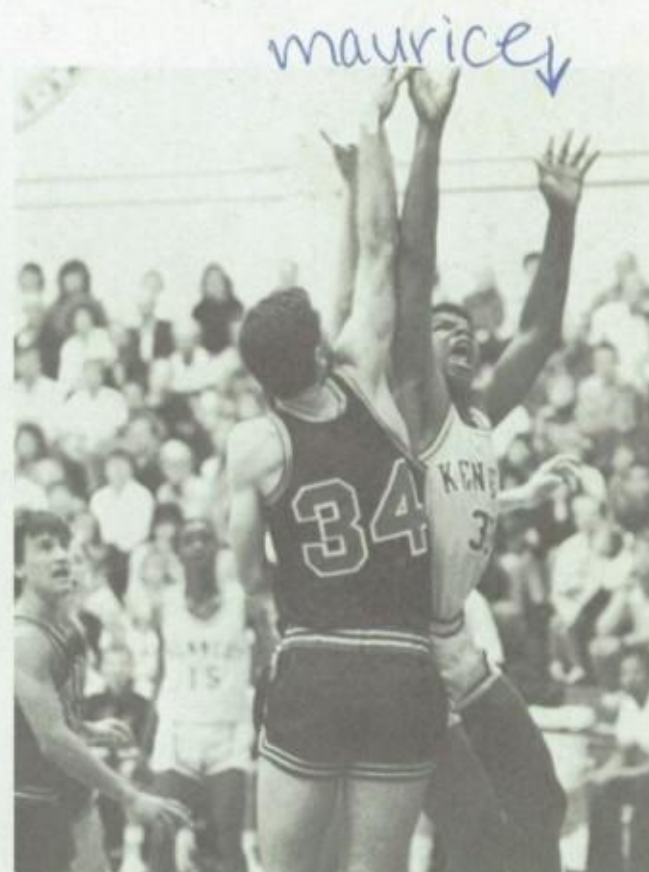

Starting the season with a slam, the boys Varsity Basketball team was headed by Coach Mayberry. The Varsity team played an outstanding season, winning most of their games and therefore enabl-

ing them to go to CIF. Some of the most exciting games were against Los Amigos and Bolsa Grande. Wendell Lauderdale said "(The) Los Amigos game was exciting because they played a tough game and Kennedy had to go into overtime to beat them." Bolsa

Grande was the last game which determined whether or not they would go to CIF. With that fighting Irish spirit, the Irish made it to CIF. With such good sportsmanship and enthusiasm, the Irish had all agreed that it was a good season!

Girl's Varsity Basketball Goes to Victory!

T

he Girl's Varsity Basketball had an extraordinary season. All the girls went out and gave great efforts. Their abilities really challenged the opposing sides. During one of their

victories, they scored tremendously. The crowd cheered as the team made it happen. That's Irish Spirit!! They also went to CIF scoring 60-54 at Buena Park. Great Work! With such work and practice, the JFK Girl's Varsity Basketball made it an outstanding year. The team had no

doubts about anything and struggled to defeat their opponent. And did they do a heck a good job!! Support and encouragement has brought the team together. They have done enough for this year . . . and next year will probably be even better than this year.

The boys Junior Varsity basketball team really showed power this year. Though there were disappointments they really

played great. It took hours of practice to prepare for this season and lots of determination to win. Their efforts caused more enthusiasm and spirit for our school. The team consisted mainly of juniors who are

well prepared for next year and looking forward on being on the varsity team. Next year will really be great if as much work is put into it as this year.

The boys J.V. basketball team: S. Miyasaki, S. Usery, S. Kunz, D. Tzeng, R. Davis, J. Williams, J. Zarella, E. Odenthal, T. Murakami, J. Chun, M. Daniels, C. Bullock, Coach Lovely, and M. Chow. And the game begins!!

Teamwork on the Court

This years J.V. team was coached by Coach Hall. They played hard and good. The team had some new faces and some returning faces. They worked well

together. The team-work they put into their games was incredible. The team showed throughout the season, the true meaning of "good-sportsmanship."

The Frosh-Soph team was coached by Coach Wing. He worked very well with his

team. The team was very big this year. That meant that they had an even better chance of winning every game they played.

Shooting With Pride

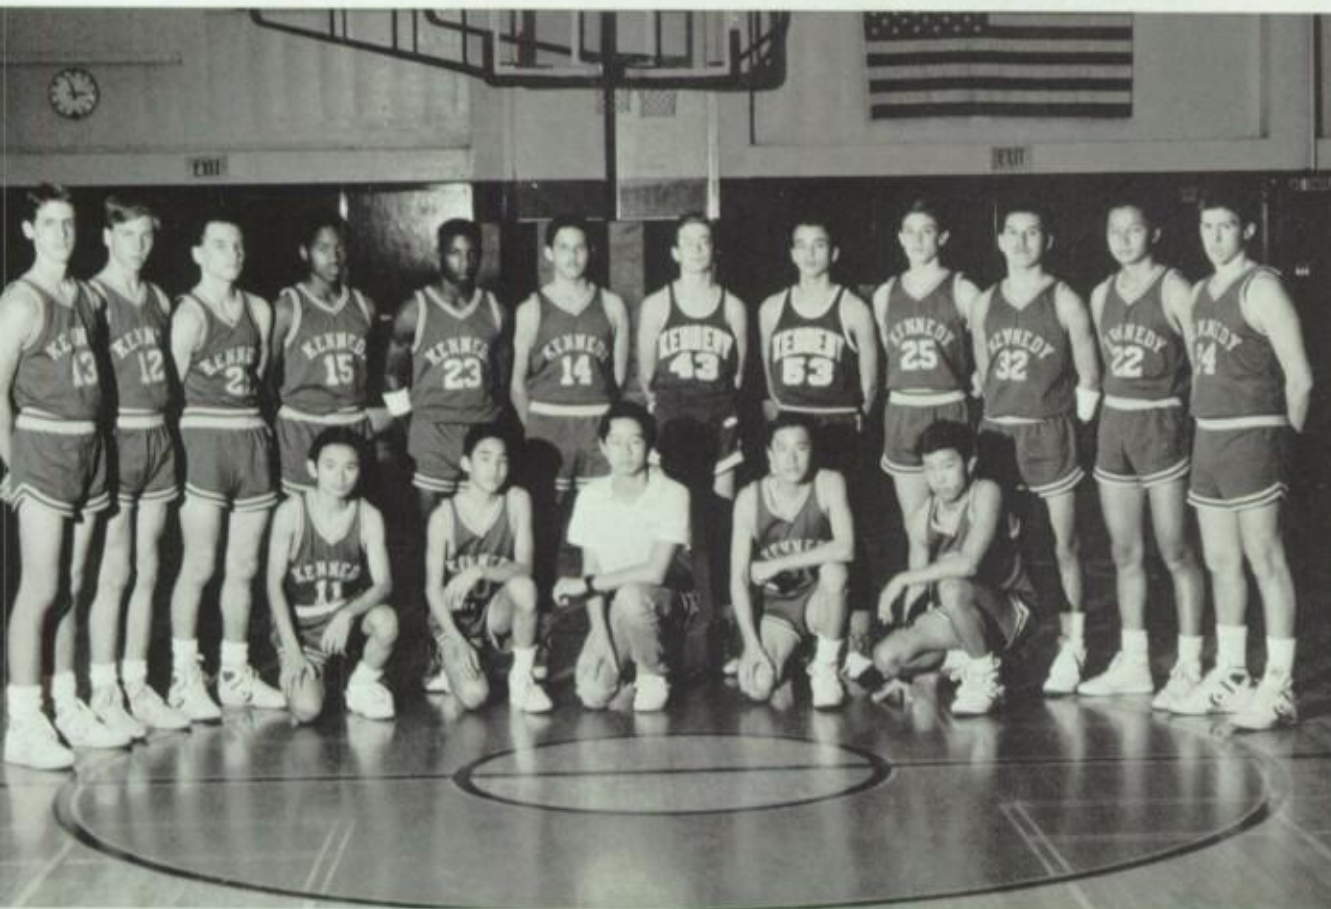

This year's freshmen and sophomore basketball teams displayed great Irish competitiveness. The team's coach, Mitch Olsen was happy with the results the boys brought him. "It was a great year from beginning to end. They all worked hard and played great,"

he expressed.

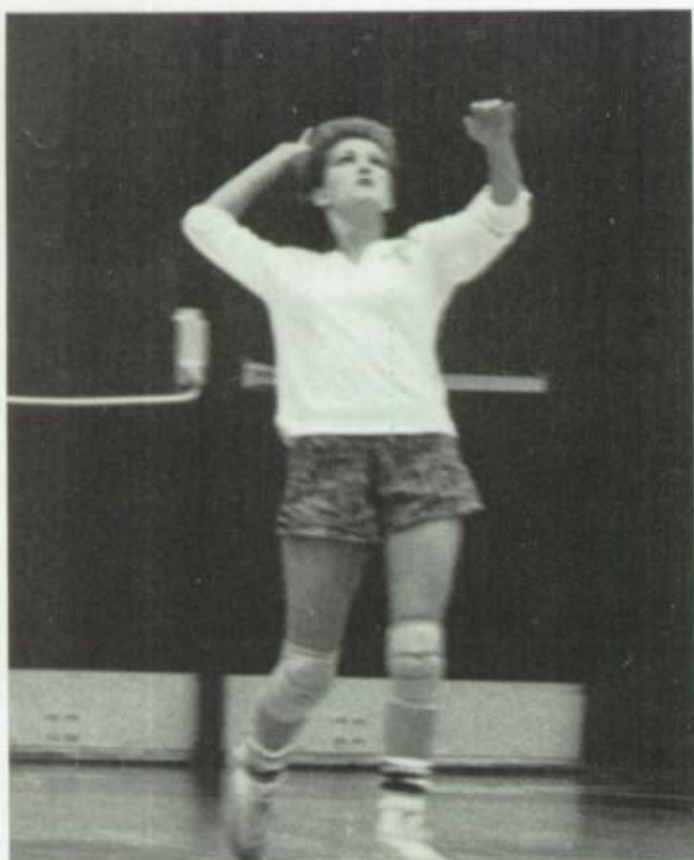

The freshmen team started and ended their season impressively — definitely Irish style! They came in second place in the Garden Grove League, with an overall record of 15 and 8, a terrific season for the freshmen! Hopefully they'll continue their success for next year's sophomore team.

Although the Irish sophomores didn't do quite as well as the freshmen, they did finish the season with a 12 and 12 overall record. Eventhough the sophomores weren't as victorious, JFK's still proud of their efforts. Congratulations freshmen and sophomores!

Varsity Volleyball

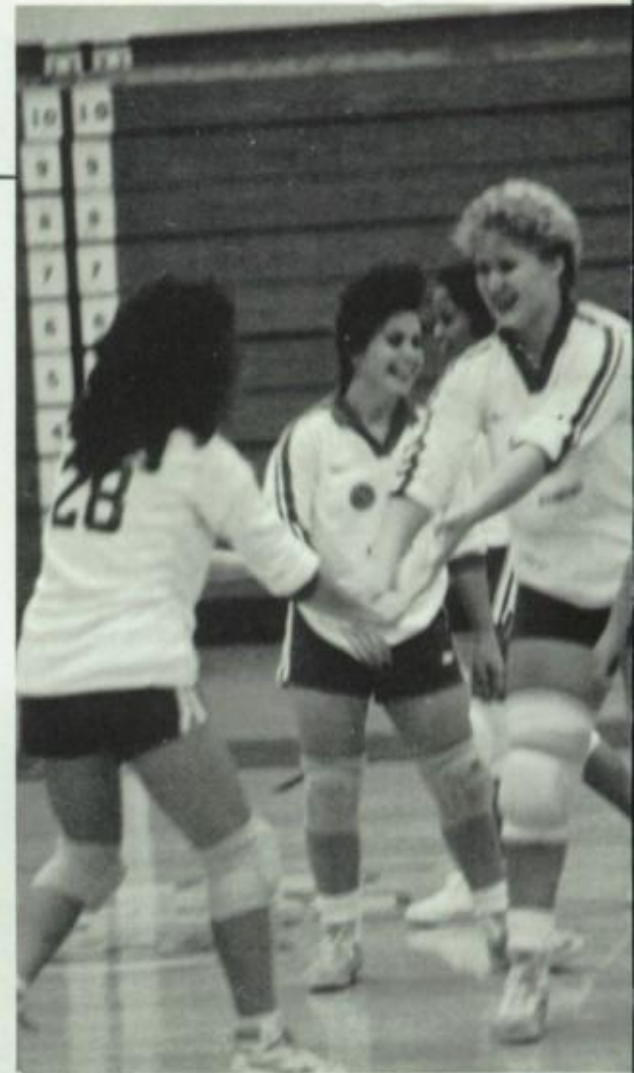

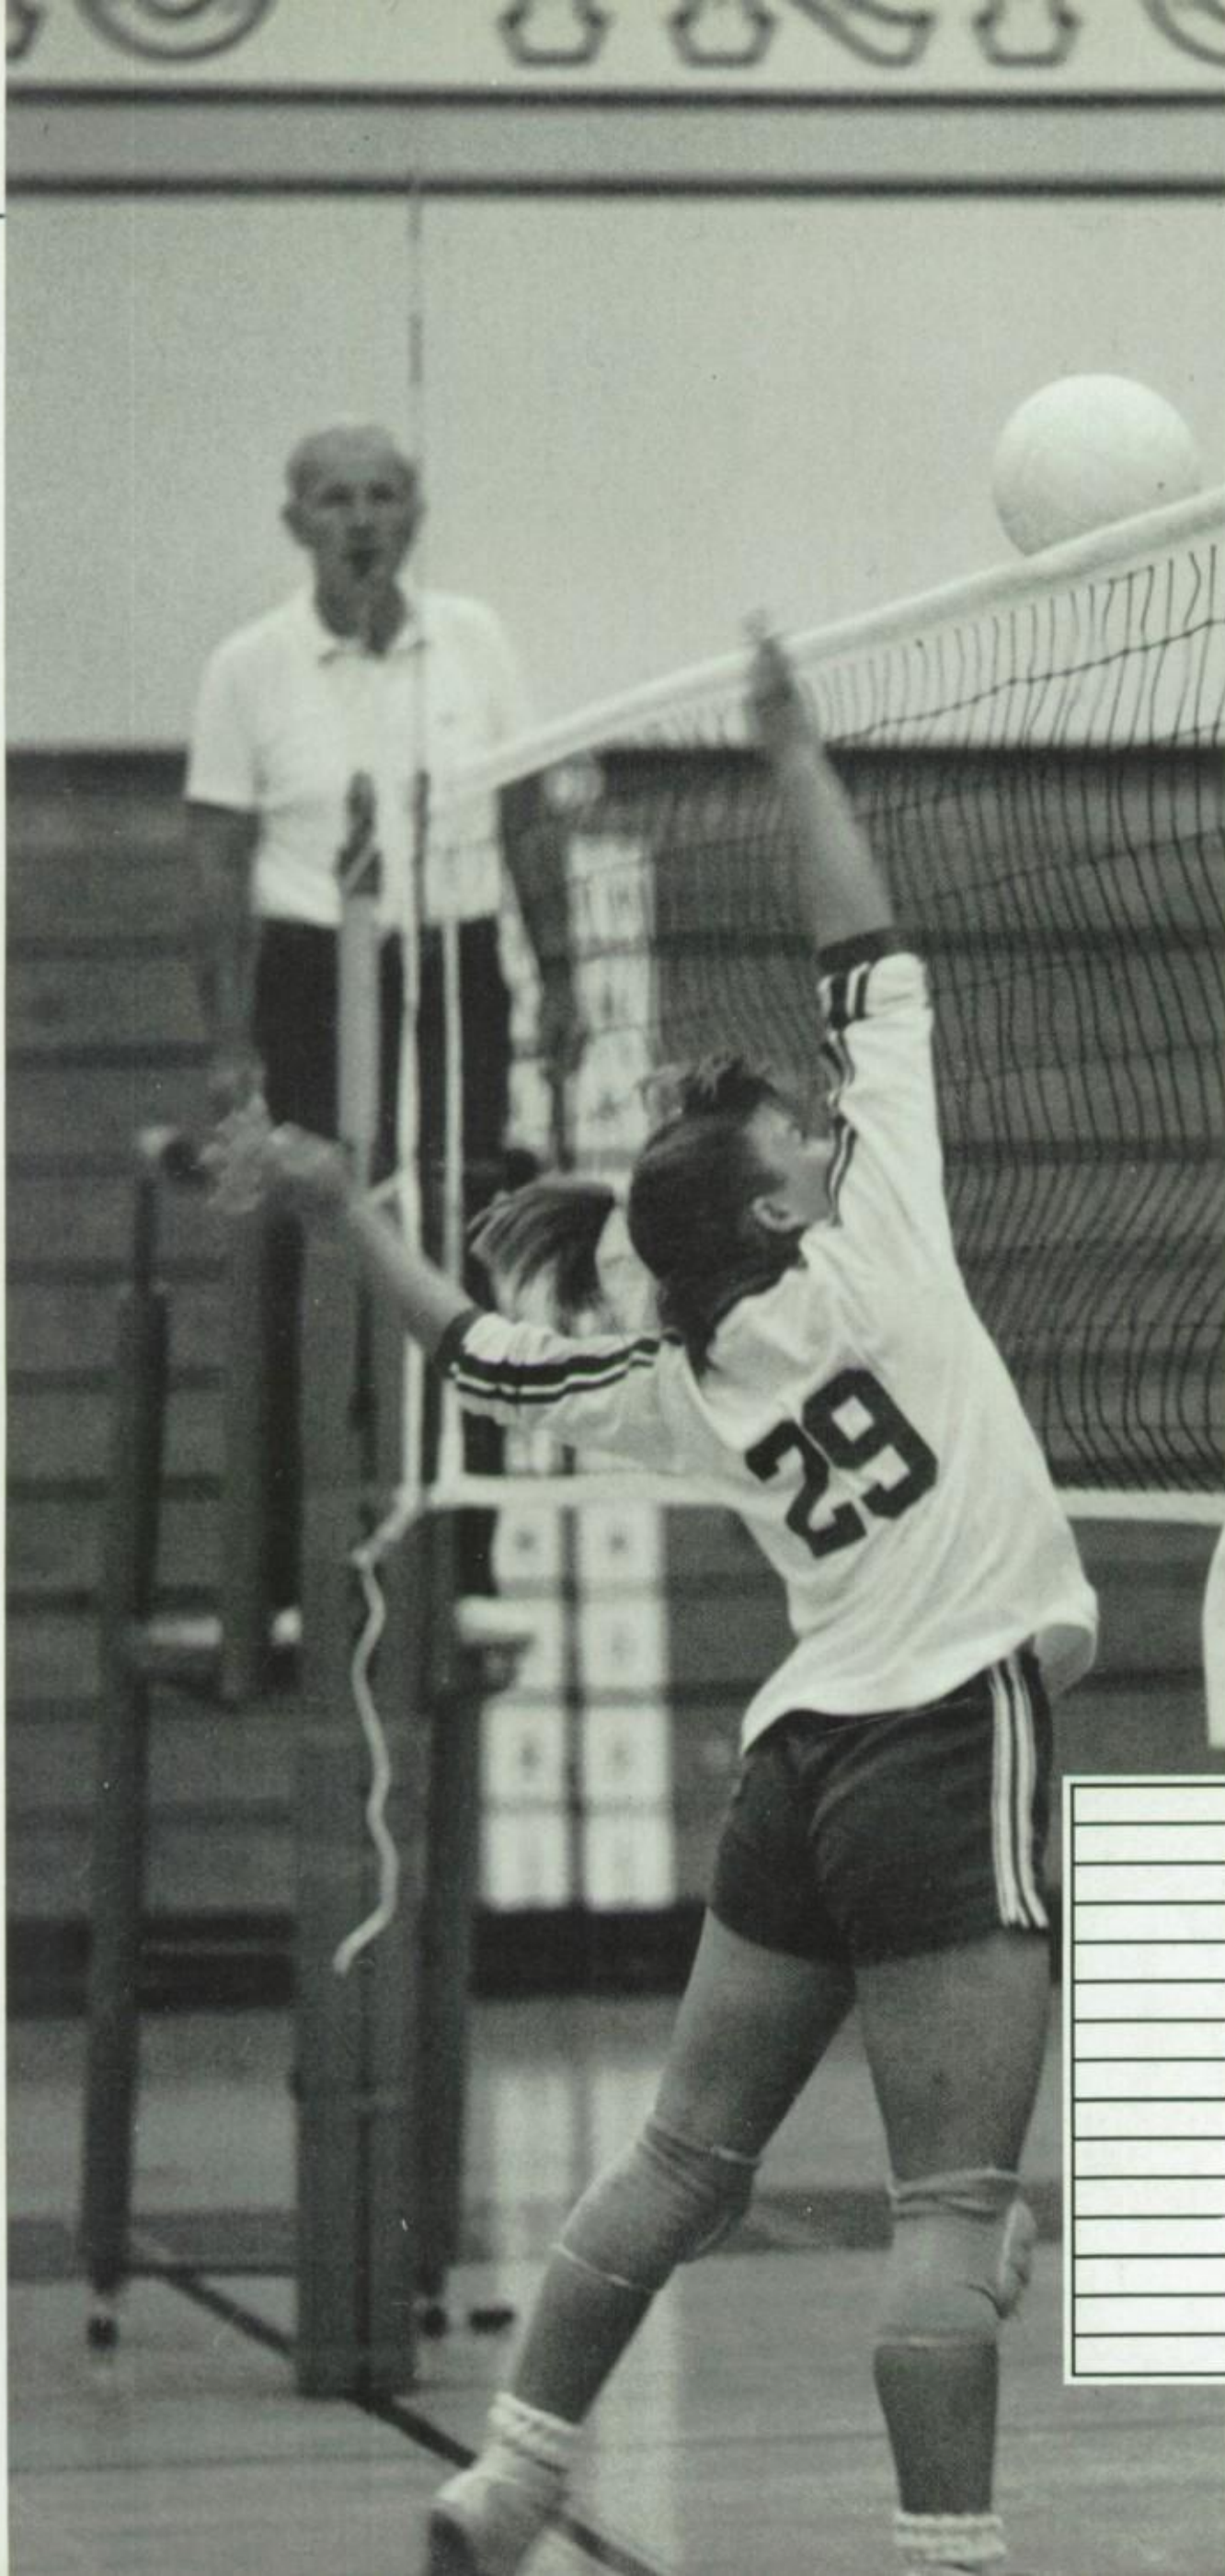

Although we fell just short of a new championship banner, we did come in a near second with a 12-2 record in the league play, the best record a Kennedy Varsity team since 1979. With eight seniors graduating, it was a building year in '88, but with a strong

nucleus of returnees Kris Vucurevic, Dani Tipton, Missi Gyde, Michelle Harris, and the additional of some players from an undefeated JV squad, JFK will again be a team to be reckoned with the Garden Grove league. The most inspirational player was Dani Tipton, Most valuable player was Mara Navarro, and players

player was Jill Salber. The all-league honorable mention went to Jill Salber and Michelle Harris. All-league first team was Mara Navarro. And All-league second team was Margie Wachtman, and Kris Vucurevic. The team was coached by Mr. Burns and the Co-Captains were Mara Navarro and Kris Vucurevic.

This year's Freshman, Sophomore Volleyball team was great! They took first place in the Garden Grove League. Their record was 13-1. Almost undefeated! The most valuable player was Michelle Mora. The most improved player was Kristy Blake. The most inspira-

tional player was Lori O'Keefe. The awesome team was coached by Ms. McGhee. The Junior Varsity was also a great team. They were also almost undefeated with a record of 13-1. They worked hard to attain these records and they hope to have a team as good as this next year with the returning Frosh/Soph

and JV teams. The Junior Varsity team was coached by Ms. Clewett. Both Ms. McGhee and Ms. Clewett put in many of their own hours to teach one of the teams. Thank you to each one of these wonderful coaches from the Frosh/Soph and Junior Varsity teams.

Swinging Into Action!

The 1988 Boys' Tennis team was determined to give it their all this year. A former letterman of JFK and two year M.V.P., coach Tan Ngo strived in making the team stronger than ever. The

team consisted of both new and returning players, including returning letterman seniors, Thai Ngo and Robert Jung. Practicing daily, the teamwork of the J.V. and Varsity team had made a tremendous amount of success because this year coach Ngo wanted more discipline and

exercise. They had many priorities, socially and academically, and still kept high G.P.A.'s. They took tennis pretty seriously and all the practice was worth the success!

T

he 1987-88 Girls Junior Varsity and Varsity tennis teams really headed for the top this year. With the excitement in each game, the crowds cheered for the Fighting Irish and our teams did not let us down. The Varsity team

went to C.I.F. and came in first place in league. Marni Matsumoto came in first place for singles in league and Kim Welman and Lara Cummings came in first for doubles. These girls and the rest of the team really made it a great year for the Varsity team. As for the Junior Varsity team, they also did fantastic in their ef-

forts. Coming in second place in league proved that the Irish power was still in the air. Giving it their all through practice, skill, and training wasn't as easy as you would think, but the results were incredible. These two teams gave our school more victories to look back on and a little more pride to be proud of.

Speedo Brigade Makes a Big Splash!

The Varsity Water Polo Team has gone through some extreme changes since they started the season in Spring of 1987. It all began with 12 young men, unaware of what was in store for them in the future.

In the spring, the Speedo Brigade began their quest for excellence with light conditioning. Then, as soon as summer began, the workouts were increased to four hours a day. With Mr. Till's guidance

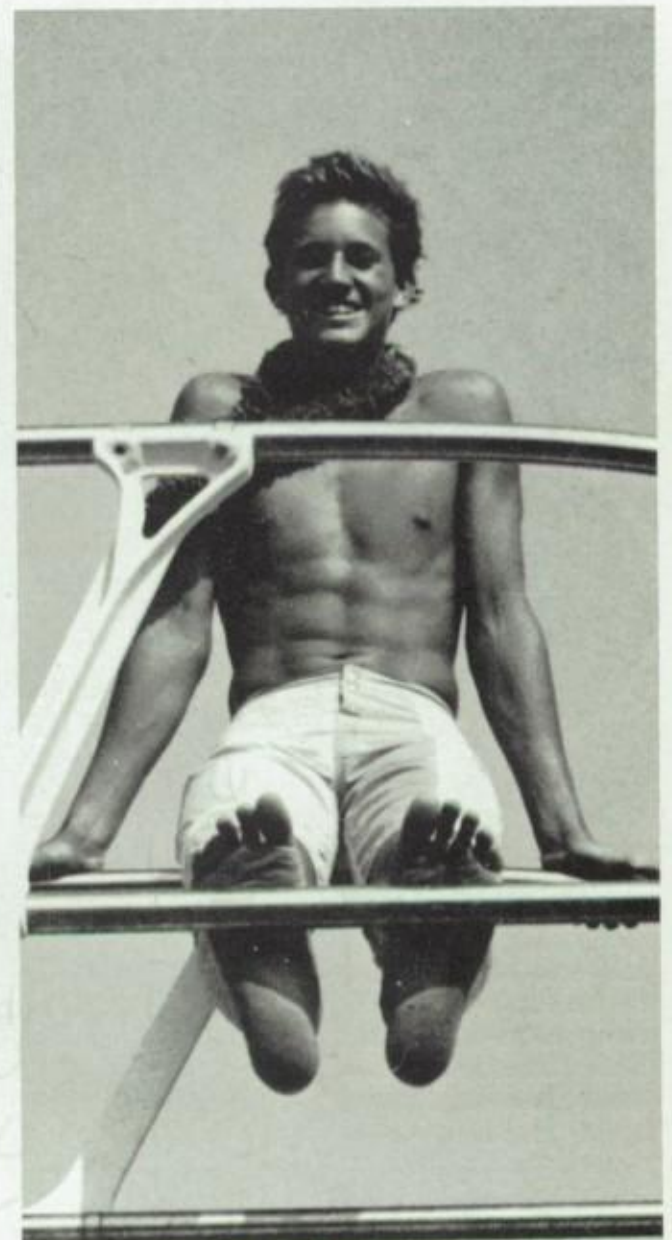

and instruction, The Irish undertook such tasks as karate, bicycle riding, running, and of course miles and miles of swimming. The summer was then climaxed by a bike trip down to San Diego. Each day began at 5:30 a.m. everyday for five days. The days were filled with triathalons, mountain climbing, pier swimming, and team competitions. When the "Speedo Brigade" came back, each of the 12 men had been changed in ways no one could imagine.

When the season got underway, the

Irish found no team in the new league that could compete with them. The Irish posted a 7-0 record in league and an overall record of 20-4. They ended their season after giving Costa Mesa the CIF-2A champs their toughest play in the playoffs, but lost 17-10. The "Speedo Brigade" can still hold their heads high, as they had the best season in Kennedy Water Polo history.

Another Victory!

The "Speedoites" had a great year with a final record of 13-1 and in league they captured the League Championship in the Garden Grove League which they dominated. The team was led by Brian Lind, Randy Oh, Rich Sinclair, and goalie Jerry Vargas.

The captain of the team, Chris Yoshioka, played with the Speedoites for only half of the year and was then moved up to Varsity with the "Speedo Brigade." The Speedoites leading scorer was Brian Lind. The team always depended on him. Randy Oh was the most inspirational on the team.

When the speedoites entered the

Buena Park Frosh/Soph Tournament, Coaches Hoyt and Hoshi brought Jeff Williams and Shawn Moyasaki down for the tournament not knowing they would win the championship. When the Speedoites started the season, they had one goal. That goal was to win league, and they did. Congratulations to all the Speedoites for a great season.

Aqua Jocks Make It to the Top!

This year's boys' swimming team did awesome. They were helped along by captain Tom Koshi and Randy Oh as co-captain. These two people helped the team immensely with their constant encouragement and unforgettable Irish spirit.

This year's boys' swim team was not just your average team giving your

average energy, they were Irish people giving Irish energy. The team showed up every morning for practice at six o'clock a.m. and practiced till they dropped. Also they had practice two hours every day during spring break. Yes, while you were in Mexico having a great time the boys were here at school practicing to be their best. What dedication they had, and when I asked Gilbert Ruiz what he thought about it he said, "I didn't like

coming early and everything, but I knew what the end result was ... and it's winning."

Head Coach Jetti and assistant coach Hoshi said that they were very proud of the boys and their accomplishments.

The Irish had a very challenging and exciting season this year and came out top-notch with one of their best years yet and are hoping for an even better one next year. Good Luck Irish, keep us cheering.

Making a Spalsh to Victory

This year a lot of girls went out with determination. They didn't just go out for the competition ... but they were eager to show what they had. They were really well-practiced and had a lot of work-outs. With a lot of experienced members, they were able to defeat their competition and had successful relay races at Los Alamitos on

March 5, 1988. At least 10 people are expected to qualified to go to CIF. A ninth grader on the Varsity Team, Mary Weis qualified in the 500 yard free style, but because of a technical foul up, she wasn't able to complete. When coach Jettie was asked, "What you have to say about this year's Girls' Swimming team?", he stated, "Our Girls' Swimming team are 2nd World Class athletes. Many great promising Frosh and Soph Kennedy High

School Swimmers can dominate the Garden Grove League if everyone stays healthy." With tons of support and courage, the Kennedy Girl's Swimming Team brought home many prizes, and elevated their pride in their achievements. We're not just only proud of them, but happy to say that we have such a great team!!

League Champs

This years varsity soccer team had a tremendous year. The team played outstanding games throughout the soccer season. The team won thirteen games out of fourteen

and proved that our Irish are not quitters. Their only winners and they strive for the ultimate goal of champs. Mark Piening, chosen as Most Valuable Player, Said he worked hard hours to reach this goal. He made fourteen goals and was top scooter of all the games. Our Fighting Irish Soccer

team are League Champs of Orange County and made it to C.I.F. Not forgetting the person who got the team this far, Mr. Nieto was chosen as Coach of the Year. Outstanding work Varsity! The JV team showed a lot of Irish spirit by finishing a successful season.

Sensational Soccer!

This year's Varsity Girls' Soccer team proved themselves to be Fighting Irish Women. Till the end. Fighting and struggling to make it to CIF Playoffs, these exceptional girls gave it their all and it paid off. Although they lost in a double overtime battle with

Esperanza, they had made it to the Semi-Finals. Only teamwork and lots of practice can contribute to such victories. Cheryl Hand was top scorer this year proving she had the stamina and skill to be part of a winning team. Julie Zevenbergen was named MVP for her effort and accomplishments in playing great defense.

Coach VanHerk joined Kennedy's

coaching staff just this year but he and the girls adjusted well and created a winning pair. We hope to have just as good a team, if not better, next year as we did this year. We would also like to wish our departing Seniors "Good Luck" they are: Stacy Bumcrot, Kristi Demont, Cheryl Hand, Mara Navaro, Heather McLeod, Cheryl Ruston, and Julie Zevenbergen.

Taking a Swing at it

The Boys' Varsity Baseball team was led by Coach Pascal. This year's team was great. The team always played hard. It takes a lot to be on Varsity Baseball. First you have to go through training. Some of the people don't make it through training, but most do. Then there

are try-outs. This separates the best from the good. The best go on to varsity. The good go on to try out for J.V. It takes a lot of skill and perseverance. It takes knowledge to make split-second decisions, and strength to execute those decisions.

The team worked together to reach their one common goal, and that was to

win. They didn't play to set a lot of individual records, but to set a lot of team records. Varsity Baseball worked to be the best they could be, and that meant being #1. Not only to themselves, but to anyone who enjoys watching Fighting Irish Baseball.

Softball Slams it Home!!

Even though there were many changes this year on the Varsity team, they seemed to pull it off great. With the new coaches, Mrs. Hall and Coach Lloyd they practiced at Cypress and so placed in the Canyon tournament.

With the team captains, Deanna Mays and Missi Gyde the team had hard practices but they made it fun. When I asked Stacey Wahlsteen how she felt about practices and the over-all performance of the team, she said, "It was hard but it paid off and we all had a blast!" In an average week for the softball members

they had three practices and two games.

There were 11 returning letterman and the only freshman on the team was the #1 pitcher, Cheryl Longeway. These individuals made the team work out perfect!

The '88 Varsity Softball Team would like to thank the new coaches for the great year and all the memories!

Competition Pales in Comparison

During the 87-88 softball season, the JFK girls did a marvelous job. In a lot of the league games they dominated the score-box by a great margin. In one game against Los Amigos, the Irish ladies destroyed the Lobos with tremendous score of 14-2. Pretty im-

pressive, huh? In another game against Santiago, sophomore Sara Elam came up with the best play of the entire game. The bases were loaded and Sara whacked a homerun to bring in four points for the Irish. When she was up again, she made a zerox copy of her last play — two homeruns in a row! They ended up demolishing the Cavaliers, (of course!)

With tons and tons of dedication, the girls practiced through the hottest days. Even though they sweated, their competition was "no sweat" for them. What a terrific JV team! Looks like Varsity's not going to have any problem recruiting for next year!

Batting Their Way to the Top

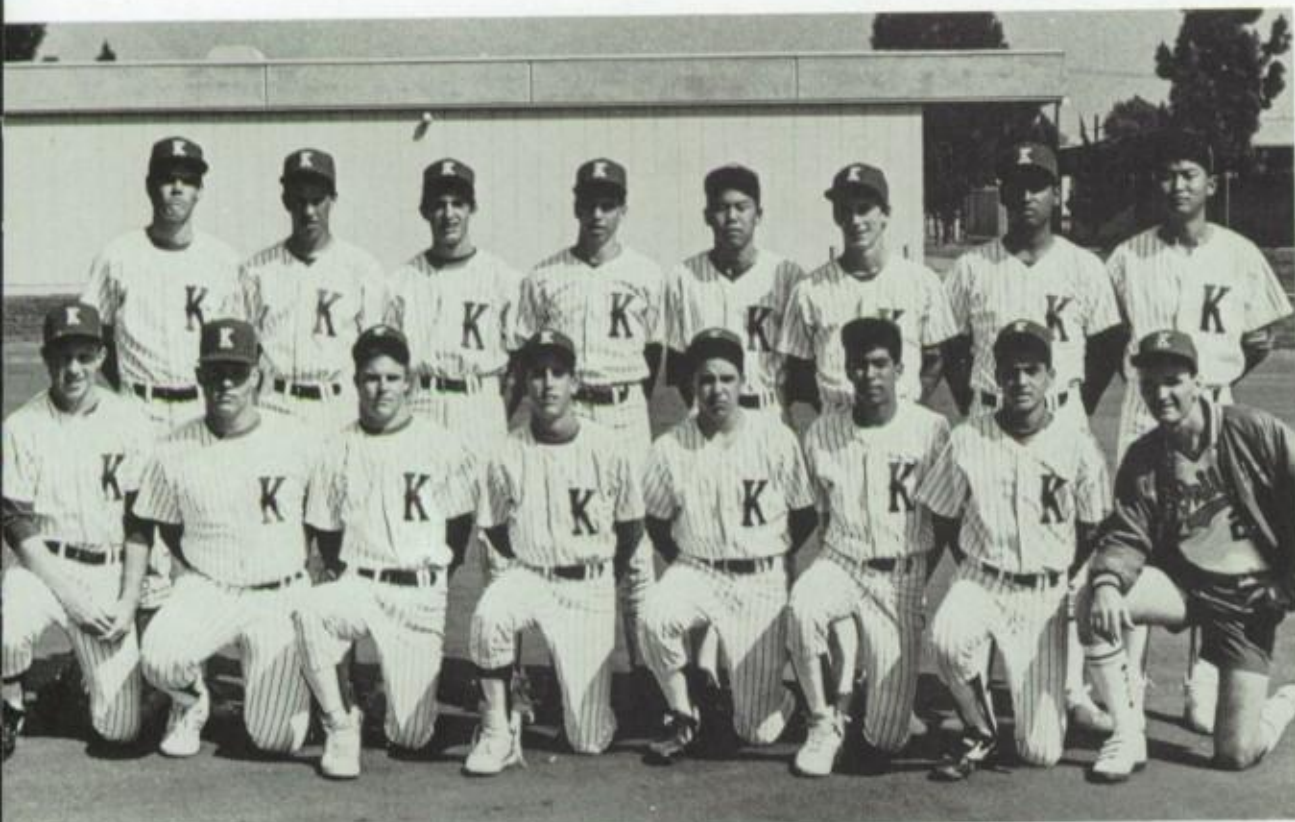

His eyes squinted in concentration as his arms tensed in a hesitant swing—every thought scattering to what his coach had said before sending him out. This is a typical type baseball scenario, yet so many of us tend to think of the sport as something that's just plain fun, and we don't realize that — sure, you can out-pitch and out-batt your little brother, but when you're up against people who can eat, and breathe baseball, you're just another one in the pack, and if you're

lucky, you may get a one-liner in the local newspaper. Well to us, the FIGHTING IRISH are NO. 1 — there's none better!!!

The 1988 editions of the J.F.K. Junior Varsity and Frosh/Soph baseball teams, both, came out of the gate strongly. The J. V. team debuted with a strong first game winning score of 9-2 over Sonora. With the exception of Sophomore Min Son, this was an entirely new squad for Coach Burns. The strengths of the team fell into three categories; Excellent communication, team pride, spirit, and tremendously strong power at the plate.

Hopefully, the Varsity won't steal some of the excellent pitching staff. You've done a great job J.V. Baseball!!!

The Soph/Frosh Baseball team were surprisingly good. This is the building block for future Varsity and J.V. players. It's where the players pick up the basics and set the pace for their future in baseball. If they keep going the way they have been so far, they should be so good that in their varsity years, they'll definitely put the Fighting Irish in a Division Title contention.

T

his year's badminton team consisted of only the best and the most devoted members. With the coaching of Gary Cordoba and Jim Wing the fighting Irish had no trouble in defeating their opponents.

The varsity team was led by the number one player, Stewart Chen and the superb doubles player Mike Chiang. The number one player for the girls was Lara Cummins. As Mike Chiang said, "I am so glad to have an opportunity to play for a great coach as well as being a part of this wonderful team!"

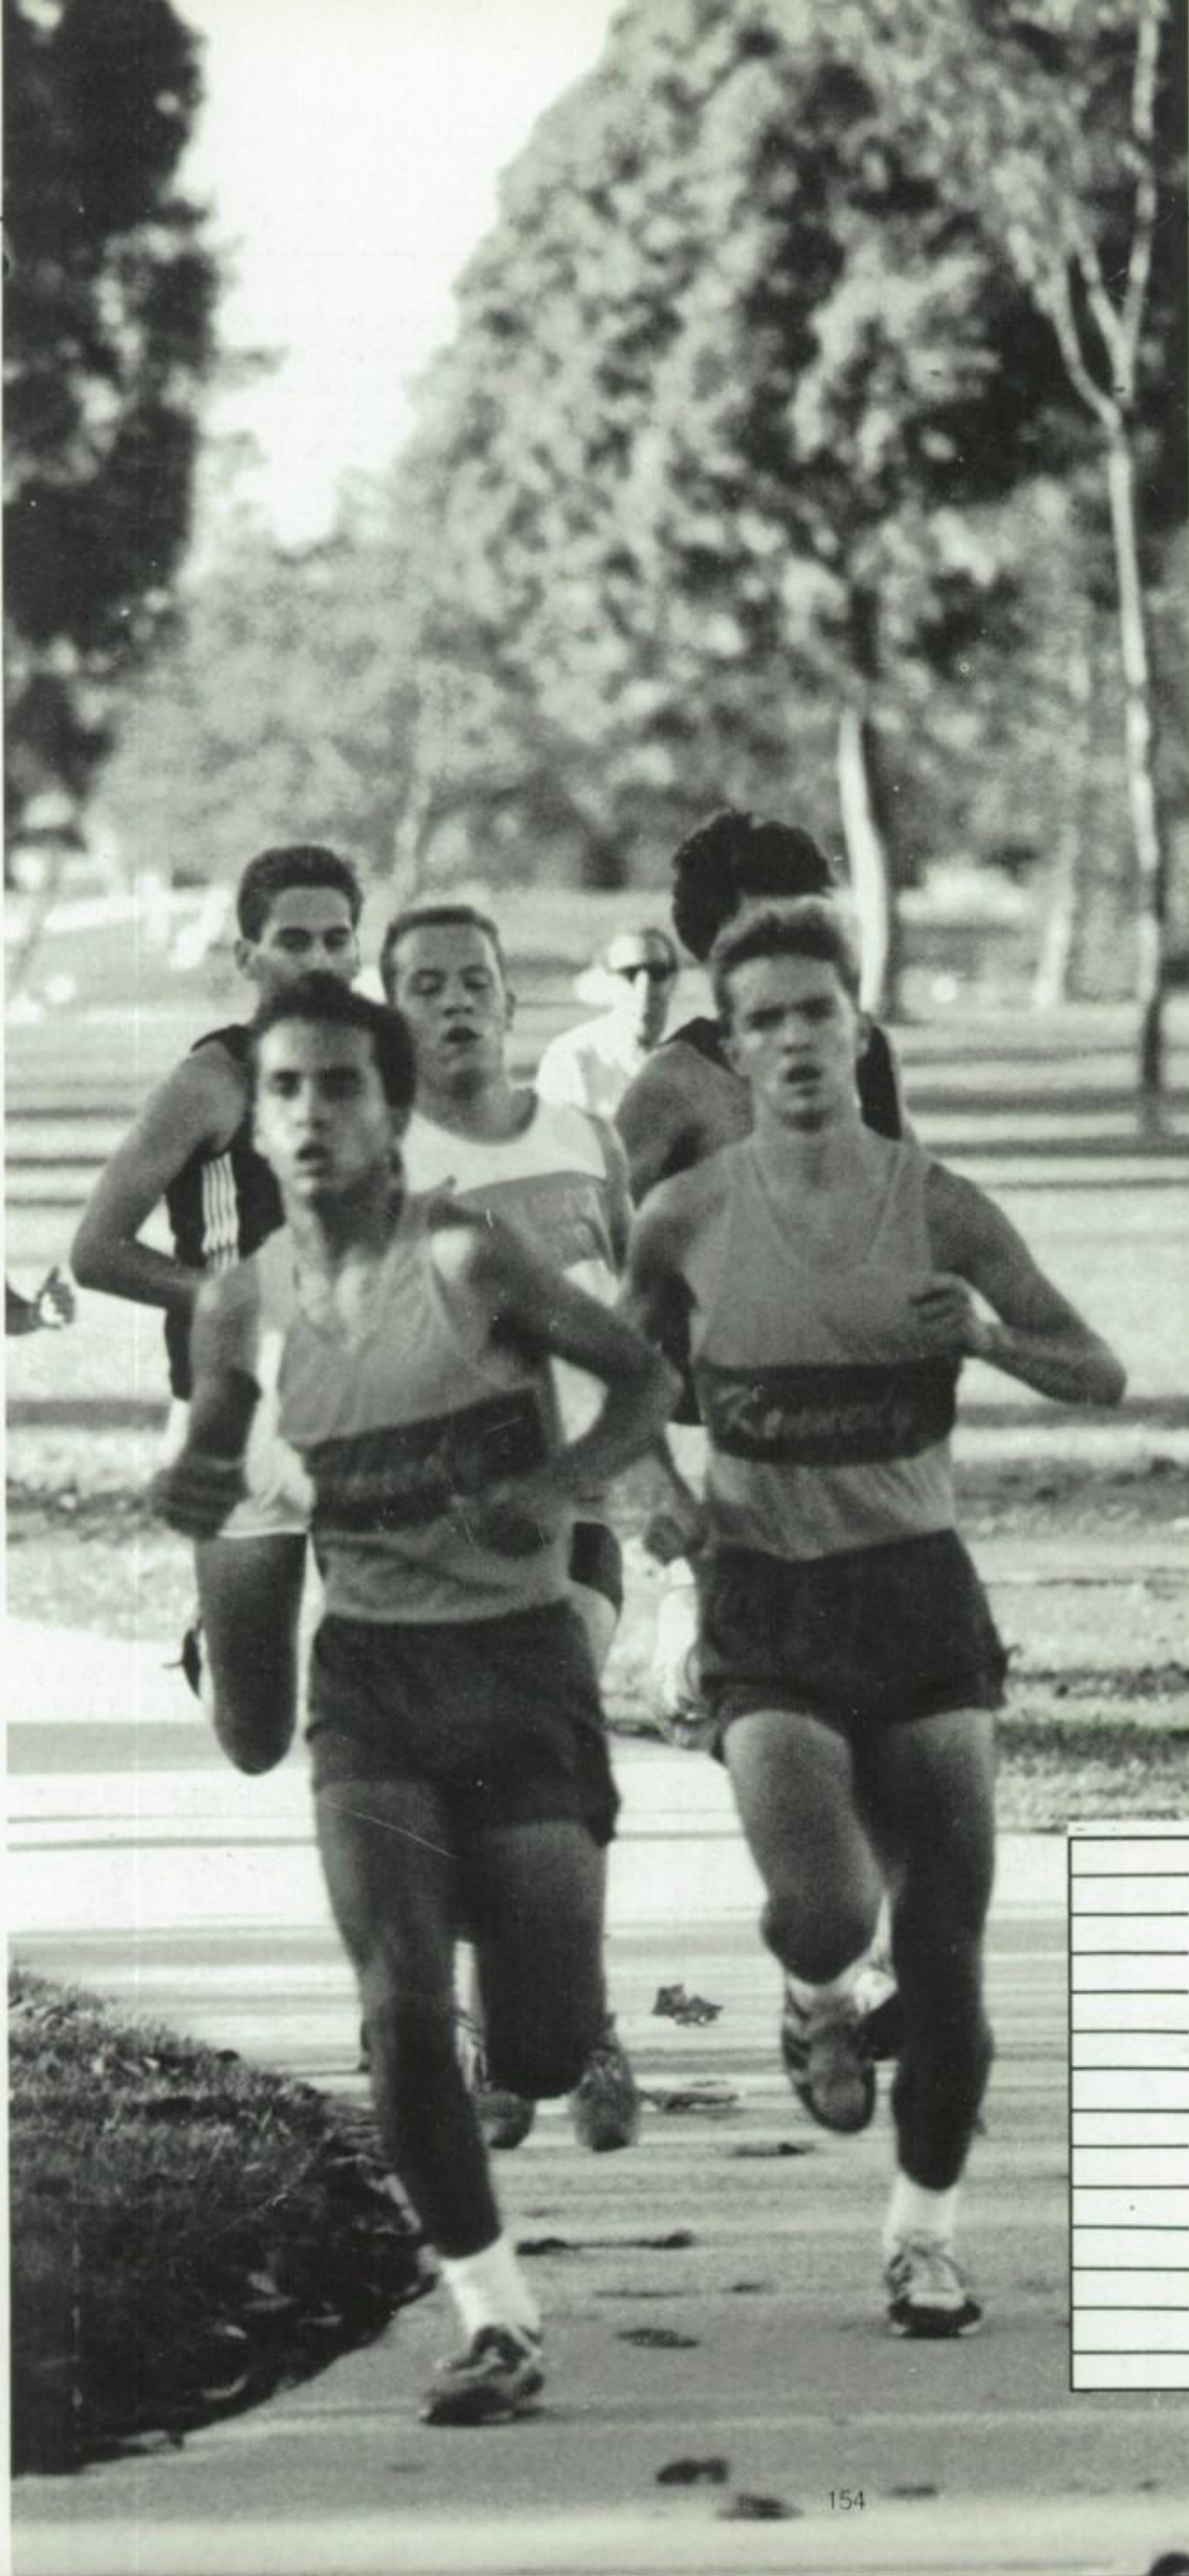

The junior varsity team was led by Benny Tsen and Henry "G BA" Yeh. Meera Shah was also a factor in the success of the junior varsity team. With the leadership of Jim Wing there is no doubt that team Irish can achieve goals beyond belief.

A Change of Pace

This years Cross-Country team really had a great year. With a 6-1 record, they really proved their strength.

For the first time in our seventeen years they went C.I.F. and also came in second for the

Garden Grove league. Practice was important and Mr. Fite coached them to success. Senior David Nichols and Junior Daria Gamboa both got first team all league. They gave the team enthusiasm and proof that they are skillful athletes. All together the season included practice, meets, wins, celebrations and so on.

With maybe a few disappointments there were still no discouragements and their change of pace put them where they deserve to be. With our schools support they went for the top and got there in record time.

Striving for Perfection!

Track and field team was bound as a success of 1988. The first league met against La Quinta was all Irish! The impressive boys' varsity victory was a sign of the talent the Irish had this year on the team. The girls' varsity was in need of more members, but all the members had much great dedication. Track and field had events such as the shotput, 220 or 440 m. run, hurdles, standing long jump, etc. It took a lot of hard work and practice to be in it and win for

Kennedy. Even though some did not win or place and some did, they tried their hardest to win and give it their all.

The future of the Fighting Irish looks bright and the hard practices and determination finally paid off!!! Go-o-o-o Irish!!!

OUR FUTURES

No school year is complete without credit to the faculty. You know — the faculty — those folks you see wandering around our campus; or perhaps you've seen one of them in a class or two. We've all encountered teachers . . . those brave souls that dare to take on the adventure of managing anywhere from thirty to nearly two hundred screaming brats a day, not to mention their life away from home — with us! STUDENTS! (No other word quite captures it but "student"). Then of course there are counselors. What do those good-natured people do? Well, for one thing, they counsel. Yes, counsel, whatever that means. But you know the job is a rigorous one

because those they counsel happened to be us, STUDENTS! (again) Now that takes work. And who attempts to feed STUDENTS? No one else but the infamous Cafeteria People. But if you think for a second that teaching, counselling or even feeding STUDENTS is difficult, try to clean up after them. Now we're talking concentration and dedication to a job. (Bordering on bonkers). Give credit where credit is due, and the credit this year goes to the faculty — to every one of those folks you see wandering about campus that is an ex-student.

W

hat a fantastic year this has been!

The mission of our school is to assist our students to develop into

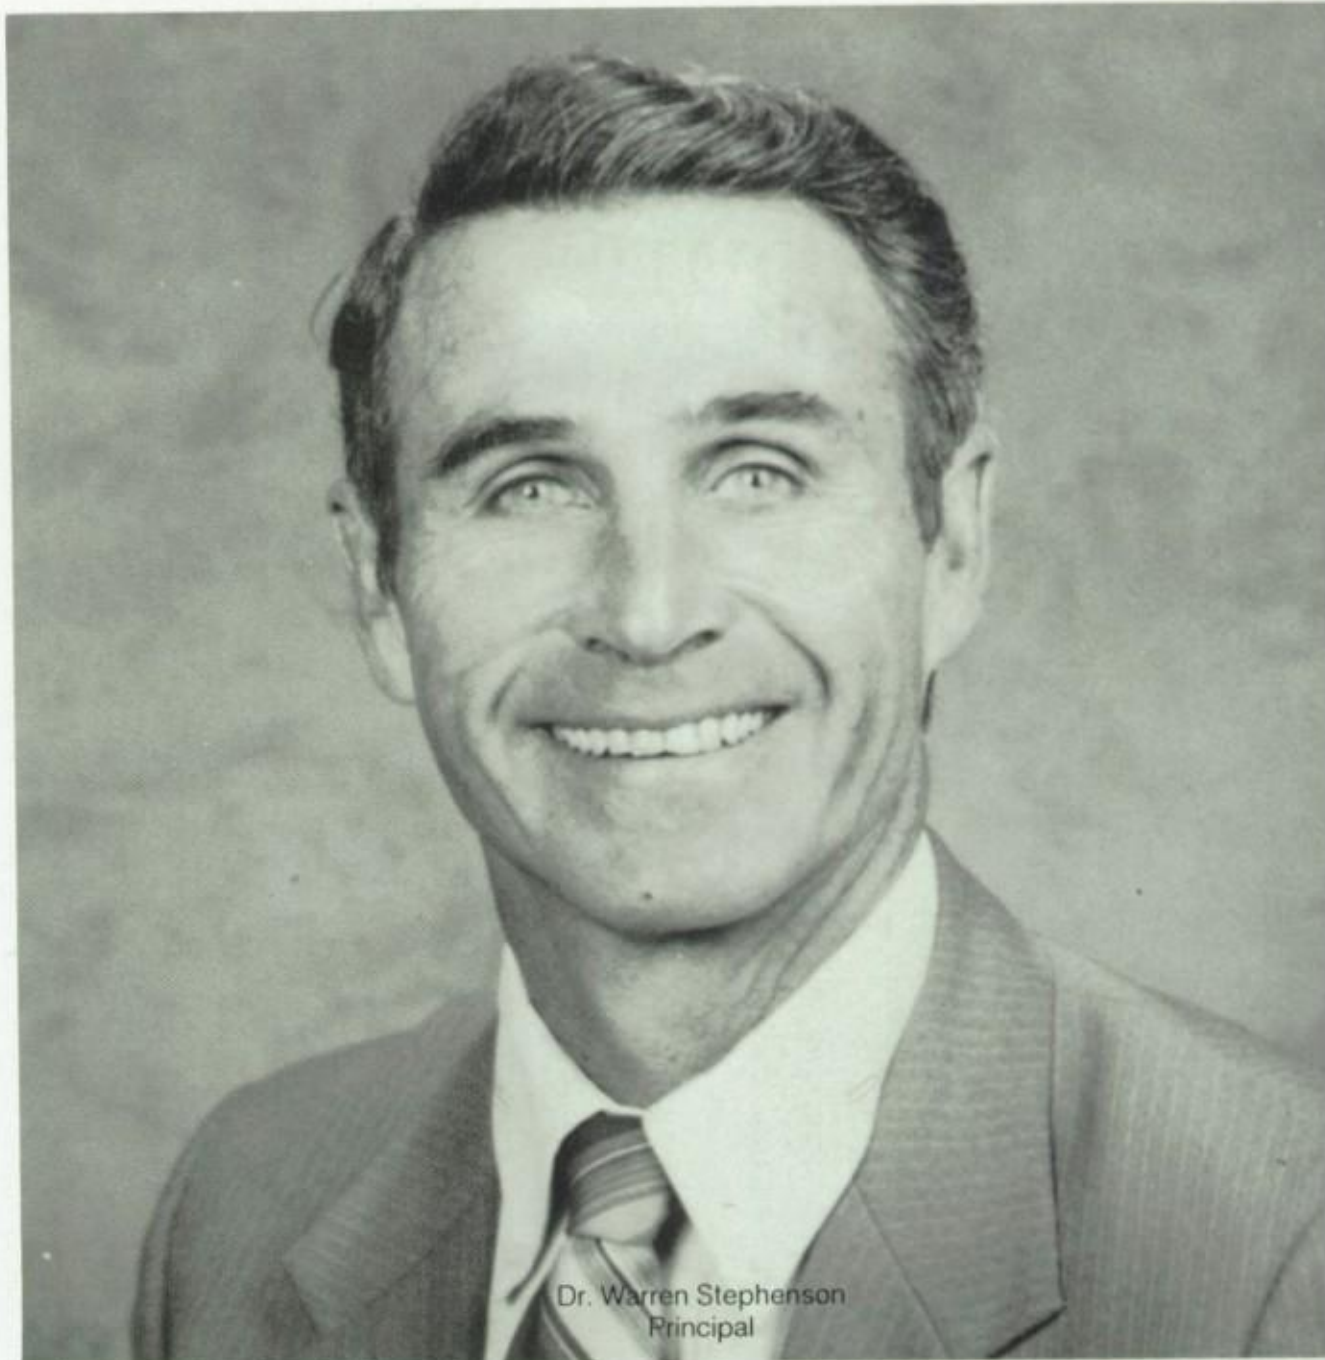

capable young people. Everyone at our school (teachers, counselors, clerical, custodial and administration) is here to help you succeed. 1987-88 has been another year of great successes for our students.

Our nickname, "The Fighting Irish," was never better defined then by the performance of our CIF Championship Basketball team in the final five games of their season. Kennedy is known for the excellence in scholarship, *spirit* activities, leadership and athletics. It is a special place because of the type of students, staff and parents we have at our school.

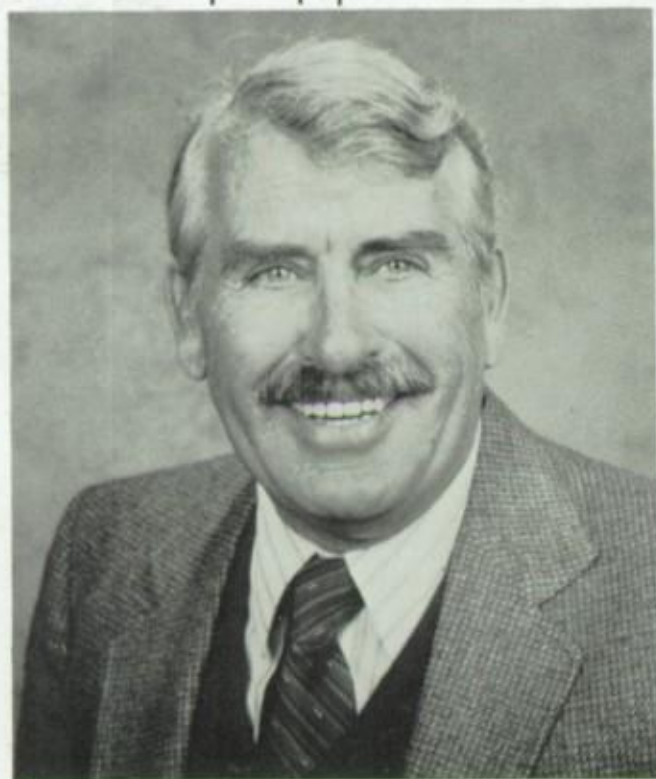

As you progress through life, carry with pride the memories of the traditions and attitudes of John F. Kennedy High School — Home of the Fighting Irish.

Our hopes and dreams go with you. Good Luck!

LUB RUSH

Whether it is because your friends join, for college credit, or just a place to eat on a rainy day, clubs and organizations really moved the year into high gear.

Breaking ice for various clubs, something different happened. Club Rush came into action for the first time, making change in the monotony of every school year. Each of the clubs had a spot on campus to distribute applications to the many eager and curious students. It was a new idea in that all students could sign up for the organizations of their choice all in one day. It was also helpful for people to ask questions about fees and qualifications

needed to join.

Many students got involved this year and took the opportunity in participating in the numerous clubs. The members had no problem fulfilling the requirements such as fund-raising and service, for the members were all so hardworking and supportive. Although every organization did not receive awards or special recognition, they all succeeded in a very big way and that was, of course, because of the members.

It was the effort of all the clubs, working together and sharing ideas, that produced the strength that unified the school in spirit and pride.

Fun and Exciting Organizations

So you want to get into a club that is fun and exciting? Why not try FBLA or CSF. They are two of the best and most fun club organizations on campus. FBLA got off to a good start doing charitable community service projects and fundraisers. They also attended many business conferences throughout the year such as Southern Section and State. Don't let the word "business conference" tune you out. Here students participate in business related competitions, win awards, meet lots of new friends, and have a lot of fun while learning. We can't forget those traditional McDonald's stops on the way home. CSF, Ken-

nedy's honor club, with only students with a grade point of 3.5 or above are able to get in, had their share of activities. CSF has held many fundraisers such as bake sales, candy sales, and newspaper drives. By doing these, students can earn points and with the money they make they give scholarships to students who need them. Some of the rewards of being in CSF is that they got to go on special field trips and go to special places such as closed park at Disneyland. Yes, members of both club organizations enjoyed the year. They had a lot of fun meeting new people, but best of all, they can say they had fun while knowing they did something for themselves as well as others!

The Senior House

The Freshman House

The Sophomore House

The Junior House

T

his year's Senior house got off to a great start with an enormous turnout of excited and "ready to go Seniors." The class of 1988, led by Mike LaLiberte had quality events such as

Senior Skate Nite and the one and only Senior Assembly. As the Irish Seniors look back at their high school years, they will always remember the thunderous chant "88" "88" "88"!

The Junior House was perhaps the busiest of all classes this year. As you know, the Junior class annually sponsors the prom each year, and had worked tremendously hard with many fundraisers to make prom '88 the best Kennedy had ever seen. The class of '89 also have set a new tradition with an annual Lip Sync Contest. Lead by Junior class president Ryan Ito and advised by Mr. Ron Hoshi and Mrs. Margo Hansell, the Junior class have shown the Fighting Irish what Kennedy spirit is all about.

This year the sensational Sophomore took upon themselves to make the Sophomore House one of the kind. With the turnout of numerous Sophomores and with the leadership of Sophomore class president Craig Roah, the Sophomore House proved to us all that they are indeed unique.

The Freshman House went off this year with a big boom! The turnout of spirited Freshman was overwhelming and led by Freshman class president Amy Schmidt, The Freshman House continued throughout the year with busy fundraisers to make class '91 the best it can be.

New and Improved. With Lots of Bits and Bytes

Computer club was based on social and technical aspects. This club consisted of students in the Basic and Advanced courses of computers. They tried to encourage more about computers, word processing and other things. Students were allowed to use these computers before school for word processing and to other classes as well as math or computers. Meetings were held during lunch by Dan Chen, president and Mr. Bertoni, advisor. During lunch there were fund raiser events set by the computer club. One of the fund raisers were the Christmas Candy Grams that were sold at fifty-cents a card. Their candy grams came with candy canes to the students' sixth period classes. Students sent these to their friends and or loved ones. With the money from all the fund raisers, computer club had a field trip to Cal Poly Pomona. Important

items for the computer lab were also bought. These students seemed to enjoy using the computers and gained knowledge for future jobs, careers, or enjoyment.

Diatl Honors Club was a club with took various trips to universities and colleges giving members the chance to get an idea of how college life would be. They went to such colleges or universities such as UCLA. This was headed by the advisor, Mr. Haynes. He had been the advisor for many years. The school seemed to only want the club if it were academically fit or just not have it at all. During the beginning of the year Diatl Honors Club used to be just Diatl Club. They discontinued Diatl Club. Many members paid dues but were reimbursed for them. Students wanted the club reopened. As a result the name became Diatl Honors Club. The student members seemed to enjoy this club and hope that it won't be discontinued again in the future years at Kennedy.

Key Club, Childcare, and IOC All Make It Another Terrific Year!

T

wo of Kennedy's clubs are dedicated to helping out the La Palma community, the Key Club and Kennedy's Childcare program. This year the Key Club did lots of fantastic things for La Palma. They provided many fun community services for the residents of the city; such as the annual Halloween Carnival at Central Park, International Days, the annual canned food drive, Santa's Workshop, and the visit to the Convalescent Home to make sure the senior citizens had an especially sweet Valentine's Day. The

club also had an Easter Fantasy for the local kids. With lots of dedication (and fun, too) the Key Club made it another successful year for the city as well as the school.

Kennedy's Nursery School Aids were also a great help to La Palma this year, as always. They provided tender loving care for many of the kids throughout the year. They were always there for the parents to count on during their time of need, always willing to take care of little scraped elbows and runny noses, and so much help for the kids in learning their ABC's.

R

eaching Goals

Forced to rise once again from their beds in the early mornings as the '87-'88 year began, Kennedy students worked hard to achieve what they deserved. Grades were enforced even more this year by sending progress reports through the mail. This was a change from the usual take home progress reports. SATs had to be taken and reports had to be written keeping the Kennedy student up at times in the dead of night. Kennedy students studied hard as ever knowing that it would affect their futures.

Many students stood out above the rest and were given special recognition because of their outstanding achievements and efforts. For those of

the seniors that were active and highly academic throughout their high school years were selected and given the recognition of Students of the Month. They were chosen by a rigid criteria and a high G.P.A. There were also those high achieving juniors that had the honor of being a part of the Emerald Chain. These students were the top ten boys and top ten girls of their class. There were also those who won sports awards like Most Valuable Player or Most Improved. These students played and tried hard to win for their J.F.K. A wide selection of students were also given service awards. Individually, the students won emerald, gold and silver pins depen-

ding on how many points they had acquired.

All in all, this was a successful year for so many. The Irish spirit really came through.

Student of the Month

1987-1988

Mark Piening has been outstanding as a multit talented scholar, leader, for four years at Kennedy. Mark was active on the student Council last year as junior class treasurer, and he currently is serving as Associated Student Body President.

He is also involved in many other campus organizations. Academically, Mark has maintained a 4.0 GPA while taking honors and advanced placement classes. He was a 1986 National Merit Honorable Mention winner and has received undergraduate awards in Biology and English.

Susan Yamanishi is currently serving as Kennedy's ASB secretary, and was treasurer of CSF. Previously, she served as freshman class treasurer and junior class representative. Susan has maintained a 4.24 GPA while taking honors and advanced placement classes. She has received several awards, including the

undergraduate award for Algebra, and national awards for her scholarship, leadership, and service. As a Junior, Susan was selected as a member of Emerald Chain Honorary and Kennedy's alternate representative to Girls' state.

Julie Martin is an outstanding world-class athlete. As a member of the United States swimming National Team, she won a gold medal in the 400 meter freestyle in the 1987 PAN AMERICAN games. Competing in Europe, Julie has been placed as high as fifth in world rankings. While at Kennedy, Julie won first place in CIF swimming competition as a freshmen, and was named All-American for three years. Scholastically,

Julie has maintained a 4.19 GPA while taking advanced placement and honors classes. She has been Kennedy spelling bee winner for the last three years. The American Chemical society honored her as the top first year chemistry student at Kennedy.

Jeff Lenning has been active in the Shamrock Regiment for four years and is currently Drum Major of the regiment. He played in the 1987 Pasadena Tournament of Roses Honor Band and also in the 1988 Southern California Honor Band, where he was ranked twelfth best among high school trumpet players

Southern California. Jeff has maintained a 3.78 GPA while taking honors classes. He is a member of the Who's Who Among American High School Students and the United States Achievement Academy. He was also a candidate for the Disneyland Creative Challenge Award.

Mark Perrah has been involved with the band for three years. He is vice-president of the Shamrock Regiment, section leader of the drumline, and a drummer for the Jazz Band. Mark also plays drums in his own band. Mark has maintained a 3.54 GPA while taking college preparatory classes. His academic achievement has qualified him to be listed in Who's Who Among American High School Students. Mark had a record perfect attendance for last year, and only missed one day of school the previous year.

Marina Bennett has been involved in campus activities as a freshman representative, as PTSA representative, and as president of the Inter-Organization of Clubs (IOC).

She has also been a member of the California Scholarship Federation for three years. Scholastically,

Marina maintains a 3.91 GPA while taking honors classes in history, and advanced classes in science, math, and foreign language. She is a member of the United States National Honor Roll and is listed in the Academic All-American Scholar Dictionary and in Who's Who Among American High School Students. Marina has been a member of the Varsity swim team for three years. She has qualified for CIF competition in the 200 yard and 500 yard freestyle categories for three years. She was selected as MVP of the swim team in her 9th and 10th grade years, and she was chosen as a team captain last year. Marina's future plans include attending Cypress Junior College and transferring to a four-year college.

Julie Takaki currently is president of the Key Club, a Varsity Cheerleader, and senior class representative on the PTSA Executive Board. She is also a member of the Asian Club, CSF, and the Varsity Badminton team. Last year, she and her partner won first place in the Empire League for women's badminton doubles and received the Coach's Award for their achievement. Academically, Julie maintains a 4.24 GPA while taking honors and AP classes in English, math, science and social studies. She was a member of the Emerald Chain and was first runner-up for Girls' State. Julie has received many national awards of recognition for her academic achievement, and was especially honored by the Society of Women Engineers' Certificate of Merit in Science and Mathematics. In the Future, Julie plans to go to college and eventually work either in the field of psychology or medicine.

Robert Jung is active in the California Scholarship Federation and has played varsity tennis for the past two years. He is active in his church as a member of the church youth choir and also president of the youth group. Robert is currently taking AP classes in chemistry, Calculus, English, Physics and

French while maintaining a 4.24 GPA. In 1986, Robert was named the American Chemical Society's Student of the year for first years students in chemistry at Kennedy. He received recognition for his academic achievement by being selected as a member of the Emerald Chain and receiving an Honorable Mention in National Merit Competition. Robert hopes to either win an appointment to the U.S. Naval Academy or attend Yale or UCLA and become a pilot or engineer.

Tommy Lo is currently serving as president of CSF and has held leadership positions in the Computer Club and the Chess Club. Tommy maintains a GPA of 4.25 while taking AP classes in computer programming, chemistry physics, English and calculus. He has been selected as a member of

Kennedy's Emerald Chain and has received a variety of awards. Some of his special awards include the Chapman College Certificate of Achievement in Natural Sciences, the FBLA October Member of the Month, the JV tennis team's Coach's Award, and the Key Club Outstanding service Award for 1986. Tommy's future plans include attending the University of Pennsylvania for undergraduate work in business economics and foreign language, Harvard for a Master's degree in Business Administration, and M.I.T. for a doctorate in Economics. With such an education, Tommy states that he hopes to earn "billions of dollars in the business world" and become a senator representing California some day. His personal goals are to be the best person he can be and help bring out world peace.

class of '88*

Ranked in the top 5% of her senior class, Camellia Wang has been active in many extracurricular activities while maintaining an overall GPA of 4.19. Because of her high academic standing and her involvement in activities, she was selected as a member of the Emerald Chain in her junior year. She is a member of many campus organizations, and she currently serves as secretary of the FBLA.

Academically, Camellia has taken honors and AP classes in English, history, math, chemistry, and Spanish. She is a linguist and is able to speak Chinese and Spanish in addition to English. She has received national recognition for her academic achievement. In addition, she has received special

awards such as the International Foreign Language Award, a PTSA Undergraduate Award in Business, FBLA Student of the Month, and First Place in the La Palma International Days essay contest last year. This past summer, Camellia had a unique opportunity to attend Yale University and take classes in political science and calculus. As a result of her experience, she would like to attend an Ivy League school and prepare for a career in business or law.

Maxim Lainer has maintained a 4.27 G.P.A. while taking honors for advanced placement classes in chemistry, computers, calculus, English, and physics. Because of his high academic achievement at Kennedy, Maxim received an Undergraduate award in Spanish, and was named to the National

Honor Roll as well as selected as a member of Kennedy's Emerald Chain. He was selected as Orange County's nominee for the 1987 International Chemistry Award and

Advanced to national competition. He was also honored as a second place winner in the La Palma International Days Essay Contest and qualified as a semifinalist in the 1988 National Merit Scholarship Program.

Maxim has been active in CSF, Diati Club, Computer Club, and Science Club. He tutored students in math and received a service award for his contribution to the Kennedy Math Tutoring Project.

Maxim's future plans include attending a four year university to study computer science. He would like to become a scientist or an engineer, so he can contribute to mankind's future.

Dawn Penner has maintained a G.P.A. of 4.17. She has taken honors classes in history and government and was selected as a member of Kennedy's Emerald Chain. She has also been recognized for her academic achievement by the National Secondary Educational Council, the United States Achievement

Academy, and Who's Who among High School Students.

Dawn has had many diverse interests and awards. She is a member of the Diati Club for gifted and talented students. As a freshman she was a member of the Pe Club and a member of the badminton team. As sophomore, she received the award for the most improved JV member on the badminton team. She also received PTSA Undergraduate Award for Home Economics.

Outside of school, Dawn is involved in church activities and also works part time as a pharmacy technician. She was third runner-up in the Miss La Palma Pageant and won a trophy for the best speech.

Dawn's future goals are to attend college and pursue a career in psychology or business.

Jana has been a member of many clubs on campus and has maintained a 4.13 G.P.A. while taking honors and advanced placement classes in math, English, history, and science. Jana is a 1988 National Merit Semifinalist and a member of Kennedy's Emerald Chain. She has also been honored with a PTSA

Undergraduate Award in English.

Athletically, Jana was on the volleyball team for one year and is a three-year — letterman in track and cross-country. She was selected as the Most Improved track team member in her freshman year and was voted Most Inspirational in her junior year for the cross country team. She is currently captain of the Girls' Cross-Country team.

Jana's future plans include attending a four year university and majoring in business, because she feels that business offers a variety of opportunities for young people with imaginative ideas.

Tyler Reed has been a member of the Shamrock Regiment for three years and has served as Section Leader for the French horns. In 1987 he marched in the Dublin Parade for the St. Patrick's Day celebration in Ireland. Tyler was also a member of the Anaheim Union High School District Honor Band.

At Kennedy, Tyler has been a member of the Cross-Country team for four years and a team captain for one season.

Tyler's outside activities include participation in his church, where he has held leadership positions and has been active in scouting. His scouting awards include the My Honor Award, the Duty to God Award, and Eagle Scout.

With all his activities, Tyler has maintained a 3.41 G.P.A. and has taken college prep courses in German, chemistry, English, math, and history. He plans to attend college for one year and then serve a mission for the Church of the Latter Day Saints. When he returns, he would like to attend a four-year college and become a pilot or an engineer.

Due to deadlines, the following students of the Month were not pictured;

Way Beyond the Call of Duty

Gimme a high-five, Coach!

And this is what the team looks like off the courts!

Mike Pettingil goes up for two.

Maurice Keith, a major force under the basket in the game against Tustin.

Wendell Lauderdale and his freethrow in action.

It was an awesome season (to say the least) for the "nice guys" of Kennedy's basketball team. Led by the Coach of the Year, John Mayberry, and supported by the die-hard fans of Kennedy High. After losing three of the first three games, Kennedy got the ball rolling and won fourteen out of the next fifteen games. After that incredible streak of winning, the team captured the Garden Grove League title. As CIF playoffs came, the Irish weren't even in the picture to advance past the

Quarterfinals in many peoples' eyes. However, the winning streak carried on as Kennedy put away Antelope Valley, 58-55 and Troy, 63-51. Then came the big test as Kennedy went up against the number-one seeded team, Saddleback. Kennedy put out all of their power as they snuck past Saddleback, 58-55. The Irish advanced into the Semifinals against Rolling Hills, and it seemed from the start that Kennedy's first appearance in the CIF Semifinals in 24 years would end very quickly. Rolling Hills led by 23 at the half and 15 at the fourth, before team Kennedy performed the ultimate comeback of

the year. The took the game into overtime, then double overtime, and then *tripple* overtime, before they pulled out an 83-80 victory over the Rolling Hills team.

The next victims for the Irish were the Tustin Tillers for the CIF Southern Section Championship. Once again it went into overtime and once again the Kennedy team pulled out a 58-54 victory and captured the first ever CIF Southern Section title in the history of Kennedy High basketball. The memories of this incredible Irish team will always be shared by players as well as the fans.

San Francisco here we come!

1987-88 Choir Trip

A

n Saturday, March 26, 1988, the choir group set off to explore the hidden boundaries of San Francisco. At 6:15, they met at Orange County Airport, but due to delays, their plane left for the Bay area 10 hours late. They visited the obvious places — Golden Gate, the Twin Peaks, the Alcatraz Jail, and to Fisherman's Wharf, but they still explored the no-so-well known sights and sounds of San Francisco, such as Ghiradelli Square, the Exploratorium in the Palace of Fine Arts, Muir Woods and Sausalito. The group performed at Pier 39, Ghiradelli Square, and Sausalito where they were greeted by throngs of spectators. Their reputation had preceded them.

TANDING HIGHER

Although all underclassmen may wish to be seniors, every year is like climbing up a ladder, each step an experience one must take. The juniors, sophomores and freshmen made the most of this year to hopefully make an impact on their accomplishments for the upcoming year. As always the juniors received their class rings and took their PSAT's; the sophomores went behind the wheel and learned to drive; the freshmen got used to the fact of being the youngest on campus and tried to mature in their ways and manners. Each class approached these new "changes" in their own unique way. Cheering for their class during class competitions and lunch-time activities, the underclassmen were spirited. As the year comes to an end they

all look forward to standing higher on the ladder, but the year they leave behind will all be a memory of their high school years.

W

ell after surviving another year of school we can look back and see all that we have been through. Some of the memories are good ones, and some are sad. Remember the day when baby Jessica McClure was pulled from a pipe several meters down and saved? What about that day in October when we had that terrible quake that rocked us? The Pope did his tour and helped with the "Just Say No To Drugs," and we can't forget the winter Olympics in Calgary. Some of the events on a lower note were the bombings and shootings going on in Honduras and Panama and all throughout Egypt. Also, singer Andy Gibb died while using cocaine at the age of 30.

In entertainment movies and TV were made a big impact.

Big watches complete the look.

With hits like Fatal Attraction, Good Morning Vietnam, and Adventures in Babysitting, many movie goers were brought to the theaters. While it was kind of a slow year for television, shows like L.A. Law, Moonlighting, Cosby, and Oprah Winfrey Show helped keep us from getting bored. This year AIDS has had a big effect on our lives and many of the shows have and will continue to have shows that places dialogue about AIDS and on its victims.

mini skirts, Bugle Boys' pants, L.A. Gear tennis shoes, boots, acid-washed denim, leather surfer shorts, and tees. With all the hot new styles and great accessories to go with them, Kennedy students wore their outfits and showed them off great.

Last, music was probably had the greatest effect on all the students. While music ranged from rock to funk and pop to heavy metal, students enjoyed themselves listening to their favorite groups. Some of the popular groups and singles were Bon Jovi, Belinda Carlisle, Depeche Mode, Beastie Boys, Salt 'n Papa, and U2.

With all these great groups and singers and all entertainment in general, it helped make the year fun and a memorable one.

As these become the final pages of the year, we can look back on what a wonderful time it has been. School was like never before, filled with so much excitement and enthusiasm. This was our year. Through overwhelming strength and spirit we united and became an unbeatable team in so many ways. Our spirit truly came alive as we supported our triumphant CIF basketball team to glory. We were proud to be one of the "Fighting Irish" and, of course, always will be. All the sights, sounds, and experiences of this year can not be captured, for everybody remembers it their own way.

"Changes" did become the word to describe this year. It was merely a guess in the beginning, but now, as you can see, it is appropriate. Our spirit, outlooks and attitudes changed for the better.

This truly was the year of the "Fighting Irish."

Student Body President Mark Piening

A slumber party with Jin Rim and Mike Laliberte during the bowl-out era.

"Someday I'll want to be student body president!"

Mark and Paul before Prom '87.

Check out my new wheels!

I remember the beginning. Kennedy High School had always seemed like a place "where the big kids went." It was as if the opportunities to have fun and become involved were limitless. Do you know what? I was right.

The four years have literally flown by. Underclassmen, I can't stress enough how valuable it is to become involved — times pass quickly. Like every senior that has walked the halls of Kennedy, I have some regrets. I regret that I didn't participate in more activities. I regret that at times I didn't push for that extra higher grade. But most of all, I regret that I have to leave a place I call home.

The year was filled with a lot excitement and many special moments. I would like to thank all of those special friends that were able to keep me up when I was down. I will always be there for you, and I love you all. Special thanks to Mr. Giotta for teaching me how to speak instead of talk. Also, Coach Nieto, thank you for your guidance in making me the player and the person I am. You are truly an inspiration to me. Most of all I would like to thank the most generous man I know, Mr. Hoshi. The endless hours of time you committed to me as an instructor and as a friend are priceless.

Being President of this year's Student Council is definitely the most rewarding experience I have ever had. I would like to thank each and every Student Council member for his patience at the meetings or her tremendous help in making this year such a success. Good luck to next year's Student Council — learn from our mistakes and always remember who you represent to the entire Student Body, you are what made this year truly exciting. (Mr. Maib, will we sell enough tickets?) I sincerely wish the best for all of you. I hope that your experiences at Kennedy will carry you to your utmost dreams.

I would also like to take this opportunity to congratulate our mens' Varsity Basketball team on an absolutely incredible season. You all deserved every ounce of credit that you received. You alone were responsible for the school's spirit in the second semester and let's hope the trend continues.

Again, thank you all for making this year so special and good luck in all of your endeavors.

Sincerely,

Mark A. Piening

"Puttin' On The Hits"

K

ennedy High School's Junior Class sponsored a Lip sync contest which was at first planned as just a fund raiser, but then became an overwhelming success unexpectedly. "Puttin' on the Hits," which was held on November 20 1987, turned out to be a fun and exciting event, not only for the audience, but for the participants as well. The Junior Class Officers, who all thought that the lip sync contest was well worth the hard work, have planned "Puttin' on the Hits II" for April 15, 1988, with hopes that this one will be just as successful, if not more!!

Winners were; 1st place — "YMCA" — Greg Hansell, Tom Deep Peter Montera, Don Cochran, Steve Rath, Kevin Mann and Phil Thurman. 2nd place — "Vacation" — Kym Burtch, Debbie Wissik, Rane Schafear, Kari Bandy, and Lisa Haxton. 3rd place — "The Girl is Mine" — Dennis Huang and Jim Malone.

The winners were the Village People with YMCA.

James Chung and his partner look cute together.

OLOPHON

In April 1988 the last shipment of pages was sent out to the Taylor Publishing Plant in Texas, and as page number 256 passed through our fingers, so did a shudder of relief and apprehension shiver down our spines. We requested 1550 copies of the 1988 Eternal Flame at the approximate cost of \$35,000. The cost of a book to each student was \$25.00 without an A.S.B. card and \$20.00 with one.

Our 8 1/2 X 11 book has a total of 48 pages in full four-color, an increase of 16 pages over last year, which was printed on 21 Enamel 80 pound paper. The rest of the book is on 41 Enamel 100 pound paper. This book also uses Smyth binding and is bound in the back. All headlines are set in 36 point Helvetica. All body copy is set in 10 point Helvetica with solid leading, and captions are set in 8 point. Every initial letter is set in 60 point Garamond. The exceptions are the division pages. Their headlines are set in 36 point Garamond, and the body copy is set in point Palatino. The initial letters on the division pages are set in 102 point Garamond.

The cover was designed by John Stevens, our Taylor sales representative, who worked with us on refining the final concept of our theme in its relationship to the graphics in the book.

Portrait World Incorporated recieved the bid for the underclassmen head and shoulders shot while Portrait Gallery was in charge of Kennedy's Seniors' portraits.

Without the support of our community, faculty, and students, the 1987-88 Eternal Flame Staff would not have succeeded in our aim of improving the quality of our yearbook. We hope we've achieved our goal, for you are our final judge and jury. Thank you.

Dear Charmayne,

It was nice knowing you
for the past three years. Can't
believe we're still friends. We have many
years ahead of us. What have you been
doing lately. I babysit for Tammy full-time
and on every other week I babysit and
sometimes I will go visit Jay and
you could come over too and we could
have fun in his house. I know you
love Jay, at least you did before. I am
not going out with him again and I won't,
but when we get to Knott's I want to go
chuck off my ass and what ever happens,
happens. I hope Debra gets her truck or car
soon and all three of us will go out
and party and we could follow go-go.
We are going to have so much fun.
We could party a lot more and get so
fucked up, I love it, I think I wrote enough
so now you could write in my on Thurs.
